♦ Open Forum
No items or concerns were brought forth.

♦ Approval of January 6, 2014 Agenda
MOTION: John Sheldon made a motion to approve the agenda as presented. Jim Roletto seconded. All in favor, motion carried.

♦ Approval of October 7, 2013 Board Meeting Minutes
MOTION: Jim Roletto made a motion to approve the minutes as written. John Sheldon seconded. All in favor, motion carried.

♦ Specialty Categories
To reiterate, a handout on the definitions of public works construction branches on various specialties; i.e., i-Heavy construction, ii-Highway construction, and iii-Building construction, was distributed to the Board for review. The issue was whether to consolidate the categories or revert back to previous standards.

Chairman McAlvain proposed a task force committee be formed; including the following entities: Associated General Contractors, schools, local entities, contractors, local regulatory boards, and highway districts. Board members and DBS staff would also participate in the discussions.

The deputy administrator-operations offered to provide the chairman with members of a task force created several years ago for this specific issue.
ACTION: The deputy administrator-operations will provide information on a previous task force to the chairman.

License Holder and Multi-Licenses
A tallied list of the number of licensees and various categories was provided to the Board prior to today’s meeting. It was agreed the topic License Holder and Multi-Licenses corresponds with the Specialty Categories topic and should be discussed simultaneously with the task force.

ACTION: The topic License Holder and Multi-Licenses will be addressed at future task force meetings with the Specialty Categories topic.

Operational Report
Quarterly PWCL Board Report – The numbers for original licenses, renewals, upgrades and downgrades for calendar year 2013, as well as previous years’ numbers, were reported.

Legislative Update – DBS has submitted nine rule dockets to the 2014 legislature. One of the proposed changes would streamline the PWCL application process for renewals and allow the use of digital submissions.

Administrator Report

State Code – In 2013, a collaborative committee was created to review proposed rule changes to the building codes. The Idaho Building Contractors Association (IBCA) was part of the collaborative effort; fully embracing all of the proposed rule changes and adoption of the 2012 International Residential Code (IRC) and the 2012 International Energy Conservation Code (IECC).

In October 2013, the IBCA informed the Idaho Building Code Board of potential legislative action for the 2014 legislative session. The intent would be to adopt the 2012 IRC and 2012 IECC; renaming them “state” codes rather than “international” codes. This would allow the proper authorities to amend the codes on an annual basis; however, not necessarily adopt codes on a regular cycle every three years, as is currently done.

Adjournment
MOTION: John Sheldon made a motion to adjourn the meeting. Jim Roletto seconded. All in favor, motion carried.

The meeting adjourned at 10:00 a.m. (MT).

Agenda Item No. 04  Specialty Categories, License Holder and Multi-Licenses

PRESENTER: Steve Keys, Deputy Administrator-Operations

OBJECTIVE: Determine whether to consolidate categories or revert back to previous standards.

ACTION: Informational

BACKGROUND: October 2013 - Definitions of type i, Heavy Construction; type ii, Highway Construction; and type iii, Building Construction, as defined in Idaho Code § 54-1901, were distributed.

In previous years, a contractor with a type i, ii or iii could perform work within the specialties because they were associated with this type.

The Board was asked to review various specialties and their association with types i, ii, and iii prior to the January 6, 2014 meeting. Suggestions: 1) Consolidate categories and/or 2) Revert back to previous standards.

January 2014 – Chairman McAlvain proposed a task force committee be formed with the following entities: Associated General Contractors, schools, local entities, local regulatory boards, and highway districts.

The deputy administrator-operations offered to provide the chairman with members of a task force created several years ago for this specific issue.

A tallied list of the number of licensees and various categories was provided to the Board prior to meeting. It was agreed the topic License Holder and Multi-Licenses corresponds with the Specialty Categories topic and should be discussed simultaneously with the task force.
