**IDAHO PLUMBING BOARD  
VIDEOCONFERENCE MEETING**

**Wednesday - July 22, 2015 - 9:30 a.m. (MT)**

**Division of Building Safety  
1090 East Watertower Street, Suite 150, Meridian  
1250 Ironwood Drive, Suite 220, Coeur d'Alene  
2055 Garrett Way, Building 1, Suite 4, Pocatello  
1118 F Street, Lewiston (DEQ)  
650 Addison Avenue West, Suite 110, Twin Falls (DEQ)  
900 North Skylines, Suite B, Idaho Falls (DEQ)**

**\*DRAFT MINUTES OF THE JULY 22, 2015 MEETING**

*NOTE: The following report is not a verbatim transcript of the discussions at the meeting,  
But is intended to record the significant features of those discussions.*

Chairman Matt Gardner called the meeting to order at 9:34 a.m. (MT).

**Board Members Present:**

Matt Gardner, Chairman  
Gilbert Pond, Vice-Chairman  
Debbie Oberhofer  
Dan Long  
Rick Garrett

**DBS Staff Members Present:**

C. Kelly Pearce, Administrator  
Steve Keys, Deputy Administrator, Operations  
Ron Whitney, Deputy Administrator, Administration  
Patrick Grace, Deputy Attorney General  
Fred Sisneros, Financial Manager  
John Nielsen, Plumbing Program Manager  
Larry Jeffres, Regional Manager, Region 1  
Chris Jensen, Regional Manager, Region 3  
Terry Blessing, Compliance Program Supervisor  
Gary Sonnen, Regional Supervisor, Region 1  
Chuck Knapp, Regional Supervisor, Region 1  
Adam Bowcutt, Regional Supervisor, Region 3  
Kevin Gellings, Regional Supervisor, Region 2  
Bill Hatch, Public Information Officer  
Renee Bryant, Administrative Assistant 2/Board Secretary

◆ **Open Forum**

Water Pump Specialty License - Baldomero Guzman's, Guzman Mechanical, application for a water pump plumbing specialty contractor license was originally denied by the Division as he did not provide the necessary documents required in the special grandfathering provision. Therefore, Mr. Guzman came before the Board to ask for approval.

The special grandfathering provision, in rule, was read. A Customer Resource Team (CRT) member apprised the Board of the Division's documentation on file for Mr. Guzman. No decision was made by the Board.

Continuing Education - Kenny Calkins, Treasure Valley Master Plumbers Association (TVMPA) Representative, once again asked the Board to reconsider business-related continuing education classes for plumbing contractors. Mr. Calkins suggested courses be offered through association meetings and/or classrooms rather than online.

The Chairman acknowledged Mr. Calkins frustration on this issue; however, the Board's position will not allow business-related classes to be approved for continuing education courses.

Water Pump Specialty License (Cont'd) - Lya Guzman stated they have the necessary documentation. It was suggested Mrs. Guzman contact The Deputy Administrator-Operations to discuss and review the paperwork.

License - Gas Pipe Installer - Jeff Patten, Meridian Plumbing, inquired whether a plumbing contractor can permit and install gas piping. The answer is yes; however, some cities might require the plumbing contractor to pull a mechanical permit rather than a plumbing permit.

City and County Concerns - No items or concerns were brought forth.

◆ **Approval of July 22, 2015 Agenda**

**MOTION:** Gilbert Pond made a motion to accept the agenda as presented. Dan Long seconded. All in favor, motion carried.

◆ **Approval of May 21, 2015 Minutes**

**MOTION:** Gilbert Pond made a motion to approve the minutes as written. Debbie Oberhofer seconded. All in favor, motion carried.

◆ **Idaho Statute 54-2608 Revocation of Certificate of Competency--Suspension--Refusal to Renew**

A rewrite of the proposed statute change, to transfer the responsibility for imposing civil penalties and disciplinary matters from the Administrator to the Board, was included in the board packet.

**MOTION:** Gilbert Pond made a motion to approve the proposed legislation with the caveat the language, as it pertains to the authority of the Board in Idaho Code § 54-2606(f), be reviewed and refined for clarity. Rick Garrett seconded. All in favor, motion carried.

◆ **Water Softener Licensing**

A revised proposed rule, to create a water conditioning and treatment specialty license, was distributed. The proposal allows the water conditioning industry to perform a limited amount of plumbing.

Opposed to the second paragraph in section 07 *Scope of Work Permitted*, Board Member Pond suggested the following verbiage: "The water softener should only be installed from the stub-out that the plumber provides and any alteration to domestic water, drain, waste and vent system must be done by a plumbing contractor as currently states in statute."

**MOTION:** Debbie Oberhofer made a motion to move forward with the revised proposal distributed at today's meeting. Dan Long seconded. Four ayes and one nay, motion carried.

◆ **School Curriculum**

Daniel Summer, Interim Campus Director, Brown Mackie-Boise Campus; and Christine Knouff, National Director of Strategic Operations, Brown Mackie College-Central Services, made a presentation on a diploma program in plumbing. The one-year program is designed to provide graduates with the skills necessary for entry-level positions in the plumbing and gas piping trades.

At the request of the Board, the topic *School Curriculum* will be further discussed at the October Plumbing Board meeting.

**ACTION:** The topic *School Curriculum* will be placed on the October 16, 2015 agenda as an informational item.

◆ **Code Changes -- 2009 UPC vs. 2015 UPC**

The Plumbing Program Manager addressed several changes/additions in both the 2012 and 2015 Uniform Plumbing Codes (UPC). The Board agreed to move forward with the 2015 Code.

Currently, the Idaho State Plumbing Code (ISPC) references the 2009 UPC. To incorporate the 2015 UPC into the ISPC, a proposed rule change is required. The deadline has passed to submit proposals to the 2016 legislature. Therefore, the earliest the revised ISPC would become effective, if approved by the Governor and 2016 legislature, is July 1, 2017.

The following individuals will meet to review the 2015 Code: DBS Plumbing Program Manager; Board Member Pond; Steve Bennett, College of Western Idaho; and Eric Strole, Boise City Plumbing/Mechanical Inspector.

**MOTION:** Gilbert Pond made a motion to move forward with providing information on the ISPC adoption of the 2015 UPC. Rick Garrett seconded. All in favor, motion carried.

**ACTION:** The Plumbing Program Manager, Board Member Gilbert Pond, Steve Bennett, College of Western Idaho; and Eric Strole, Boise City Plumbing/Mechanical Inspector will review the 2015 UPC; bringing their findings to the October 2015 Board meeting.

**ACTION:** The topic *Adoption of the 2015 UPC for the ISPC* will be placed on the October 16, 2015 agenda as an informational item.

◆ **Water Pump Specialty Education Requirements**

One of the requirements to become a water pump specialty journeyman is to complete 12-hours of Idaho Plumbing Board-approved, related training classes. At this time, there are no board-approved classes. Therefore, the following ideas were suggested: 1) Rewrite the rule;

eliminating the education requirement, or 2) Accept continuing education units (CEUs) related to the trade.

**MOTION:** Rick Garrett made a motion to allow the Plumbing Program Manager the authority to establish and approve appropriate training. Gilbert Pond seconded. All in favor, motion carried.

◆ **Specialty Grandfathering**

One of the requirements to become an Appliance Plumbing Specialty Journeyman and Water Pump Plumbing Specialty Journeyman is to complete 72 and 24 hours, respectively, of Idaho Plumbing Board-approved related training. When the Special Grandfathering Provisions were added to the rule in 1999, the training requirements were transposed and the Appliance Plumbing Specialty Contractor and Water Pump Plumbing Specialty Contractor were required to attend school.

The reason behind grandfathering provisions was explained. Board Member Pond is in favor of removing the clauses from the rule.

**MOTION:** Gilbert Pond made a motion to take the necessary steps to remove the grandfather clauses from the rule. Rick Garrett seconded. All in favor, motion carried.

◆ **Plumbing Program Manager Report**

Training - In June, the Division provided training to contractors in eastern Idaho.

IAPMO Conference - At the end of September, the Plumbing Program Manager will attend the International Association of Plumbing and Mechanical Officials (IAPMO) 89th Annual Education and Business Conference in Las Vegas, Nevada.

Reports - The following reports were in the board packet for the Board's review: 1) Plumbing Journeyman Survey; 2) Plumbing Journeyman First Exam Attempts; 3) Plumbing NOV Cases, 2nd Quarter, 2015; 4) "Verification" of Inspections by Inspectors, 2nd Quarter, 2015; 5) "Verification" of Inspections by Inspector Table, 2nd Quarter, 2015; and 6) "Verification" of Inspections by Inspectors Table, Plumbing Only, 2nd Quarter, 2015.

◆ **Operational Report**

Reorganization - The deputy administrators have traded with each other several of their responsibilities within the Agency. The Deputy Administrator, Operations now supervises the program managers and CRT. The Deputy Administrator, Administration oversees the Safety Program, as well as school and government facilities.

◆ **Administrator Report**

Videoconferencing - The concept of using other state agencies' equipment to videoconference throughout the state of Idaho is great; however, the technology is not up-to-speed. The Administrator suggested future board meetings, beginning with the November 12th HVAC meeting, be held via videoconference at the Division's Meridian, Coeur d'Alene and Pocatello offices only.

Permits and Revenue - The percentages, year-to-date, for the state HVAC, electrical and plumbing permits and revenue versus the city of Meridian permits and revenue were provided.

Residential Construction - There has been a 14.4% increase in residential construction in the state of Idaho this calendar year versus the previous calendar year. On a per capita basis, Idaho is the fastest growing residential construction area in the United States.

Financial Report - The Idaho Plumbing Board Fund, FY 2015 financial statement as of June 30, 2015, was reviewed.

Reorganization (cont'd) - The Administrator further elaborated on the deputy administrators' role reversals and responsibilities.

Compliance Program - The Compliance Program Supervisor is currently traveling throughout the state meeting with inspectors, local jurisdictions and supervisors; ensuring everyone is notified and on-board with the Division's new program.

◆ **Adjournment**

**MOTION:** Dan Long made a motion to adjourn the meeting. Gilbert Pond seconded. All in favor, motion carried.

The meeting adjourned at 12:35 p.m. (MT).

# IDAHO PLUMBING BOARD

## Agenda Item No. 04

## School Curriculum

**PRESENTER:** Brown Mackie College and Matt Gardner, Chairman

---

**OBJECTIVE:** To approve Brown Mackie College's curriculum for a plumbing apprenticeship program.

---

**ACTION:** Informational

---

**BACKGROUND:** July 2015 - A presentation was made on a diploma program in plumbing. The one-year program is designed to provide graduates with the skills necessary for entry-level positions in the plumbing and gas piping trades.

At the request of the Board, the topic *School Curriculum* will be further discussed at the October Plumbing Board meeting.

The complete proposal is on the Division's website. Below is the link:

# IDAHO PLUMBING BOARD

**Agenda Item No. 05**

**Idaho Code § 54-2602(1)(e)**

**PRESENTER:** Matt Gardner, Chairman

---

**OBJECTIVE:** To better regulate the type of work a ‘maintenance or construction plumber’ can do.

---

**ACTION:** Informational

---

**BACKGROUND:** The Board previously tried to run a bill that required a licensed journeyman plumber to be on staff; however, that bill did not pass the legislature.

---

**PROCEDURAL HISTORY:**

---

**ATTACHMENTS:** Idaho Code § 54-2602(1)(e)

---

requirements including the enforcement thereof as provided by this act.

**§ 54-2602. Exceptions**

(1) Certificate of competency requirements of this chapter shall not be deemed to apply to:

(a) Any person who does plumbing work in a single or duplex family dwelling, including accessory buildings, quarters and grounds in connection with such dwelling; provided that such person owns or is a contract purchaser of the premises, and provided further that such person shall comply with the minimum standards and rules applicable to plumbing practices provided by this chapter.

(b) Farm buildings located outside the incorporated limits of any city unless such buildings are connected to a public water or sewer system; and a farm building is hereby defined to be a structure located on agricultural zoned property and designed and constructed to house farm implements, hay, grain, poultry, livestock or other horticultural products and includes sheds, barns, corrals, or fences. This definition does not include a place for human habitation or a place of regular employment where agricultural products are extracted, processed, treated, or packaged; a place used by the public; or conditioned livestock housing,

(c) Logging, mining or construction camps when plumbing installations are made to conform with the recommendations of the department of health and welfare.

(d) Piping systems in industrial processing plants located outside the incorporated limits of any city unless such systems are connected to a public water or sewer system.

(e) Work on plumbing systems on premises owned or operated by an employer who regularly employs maintenance or construction plumbers, provided that alterations, extensions and new construction shall comply with the minimum standards and rules applicable to plumbing practices provided by this chapter.

(f) Nothing contained in this section or any other provision of this code shall be construed or applied to require a sewer contractor, sewage disposal contractor, or any excavating or utility contractor who generally engages in the business of installing, altering or repairing sewers, private and public sewage disposal systems, and water distribution and/or drainage lines outside the foundation walls of any building or structure, to obtain a valid contractor's certificate of competency or to employ only journeymen plumbers possessing a valid journeyman plumber's certificate of competency or registration, or to in any way require that his employees be registered, licensed or declared competent by the board.

(g) Water treatment installations and repairs when installed in residential or business properties, provided the same when installed, repaired or completed, shall be inspected by a designated, qualified and properly identified agent of the division of building safety as to quality of workmanship and compliance with the applicable provisions of this chapter.

(h) Plumbing work within modular buildings as defined in *section 39-4301, Idaho Code*, that are constructed in the state of Idaho for installation on building sites outside the state; provided however, that no modular building shall be installed on a building site in the state of Idaho until it has been approved and bears the insignia of approval of the division as being in compliance with the requirements set forth in *section 39-4304, Idaho Code*.

(i) Individuals licensed pursuant to *chapter 10, title 54, Idaho Code*, or *chapter*

# IDAHO PLUMBING BOARD

## Agenda Item No. 06                      Drinking Water/Waste Water Professionals

**PRESENTER:**            Matt Gardner, Chairman

---

**OBJECTIVE:**            To inform the Plumbing Board of what the Idaho Drinking Water and Wastewater Professionals are looking to propose this legislative session.

---

**ACTION:**                Informational

---

**BACKGROUND:**        The Board Chairman and Program Manager were invited to speak with the Drinking Water and Wastewater Professionals at their last meeting.

---

**PROCEDURAL  
HISTORY:**

---

**ATTACHMENTS:**      Copy of proposed bill

---

TITLE 54  
 PROFESSIONS, VOCATIONS, AND BUSINESSES  
 CHAPTER 24  
 DRINKING WATER AND WASTEWATER PROFESSIONALS LICENSING ACT

54-2402. LICENSE REQUIRED. It shall be unlawful for any person who is not licensed under the provisions of this chapter to operate, offer to operate, be in responsible charge of, or to otherwise serve as operating personnel at any public drinking water system or any public wastewater system as defined in the provisions of this chapter. Operating personnel shall include every person making system control or system integrity decisions about water quantity or water quality that may affect public health. It shall be unlawful for any person to use, in connection with their name or otherwise assume or advertise, any title or description tending to convey the impression of being a water or wastewater system operator, unless such person has been duly registered and possesses a current license in good standing issued by the board or is otherwise exempted under the provisions of this chapter. Furthermore, it shall be unlawful for any person who is the designated responsible charge operator of a drinking water or wastewater system to not be licensed at a category class equal to or greater than the classification of the drinking water or wastewater system. It shall be unlawful for any person to perform backflow assembly testing, inspection, maintenance, repairs and like-kind replacement unless such person is licensed under the provisions of this chapter. The right to practice as a drinking water operator, wastewater operator, or backflow assembly tester shall be deemed a personal right, based on the qualifications of the individual as evidenced by a current license, and shall not be transferable. Provided however, that persons licensed, registered or otherwise regulated by the state of Idaho to practice a profession shall not be required to obtain a license under this act in order to practice within the scope of practice of the profession for which they are licensed, registered or otherwise regulated.

54-2403. DEFINITIONS. As used in this chapter:

(1) "Backflow assembly tester" means a person who tests, inspects, maintains, repairs, and conducts like-kind replacement of backflow prevention assemblies and who holds a current Idaho backflow assembly tester license.

# IDAHO PLUMBING BOARD

## Agenda Item No. 07

## Adoption of the 2015 UPC for the ISPC

**PRESENTER:** John Nielsen, Plumbing Program Manager

---

**OBJECTIVE:** Discuss whether the Plumbing Board would like to adopt the 2017 Idaho State Plumbing Code based on the 2015 Uniform Plumbing Code.

---

**ACTION:** Informational

---

**BACKGROUND:** May 2015 - When the Idaho State Plumbing Code (ISPC) was originally adopted under the 2009 Uniform Plumbing Code (UPC); there was discussion it would be updated every other cycle. To consider the adoption of the 2015 UPC, the Plumbing Program Manager offered to provide a synopsis of changes made to the code at the July meeting.

July 2015 - Several changes/additions in both the 2012 and 2015 Uniform Plumbing Codes (UPC) were addressed. The Board agreed to move forward with the 2015 Code.

To incorporate the 2015 UPC into the ISPC, a proposed rule change is required. The deadline has passed to submit proposals to the 2016 legislature. Therefore, the earliest the revised ISPC would become effective, if approved by the Governor and 2016 legislature, is July 1, 2017.

The following individuals will meet to review the 2015 Code; bringing their findings to the October 2015 Board meeting: DBS Plumbing Program Manager John Nielsen; Board Member Pond; Steve Bennett, College of Western Idaho; Garrett Christoffersen, Idaho Falls Plumbing Inspector; Adam Bowcutt, DBS Plumbing/Mechanical Inspector; Cache Olson, Nampa City Plumbing/Mechanical Inspector and Eric Strole, Boise City Plumbing/Mechanical Inspector.

---

**ATTACHMENTS:** No documentation

---

# IDAHO PLUMBING BOARD

**Agenda Item No. 08**

**Program Manager Report**

**PRESENTER:** John Nielsen, Plumbing Program Manager

---

**OBJECTIVE:** Provide an update on the Plumbing program's current activities.

---

**ACTION:** Informational

---

**BACKGROUND:** This topic is addressed at all regularly scheduled Idaho Plumbing Board meetings.

---

**PROCEDURAL  
HISTORY:**

---

**ATTACHMENTS:** 1) Plumbing Journeyman First Exam Attempts Report; 2) NOV Code Cases Report; 3) "Verification" Inspections by Inspectors Report; and 4) "Verification" Inspections by Inspector Table.
