TENTATIVE AGENDA

NOTICE OF PUBLIC MEETING

IDAHO ELECTRICAL BOARD VIDEOCONFERENCE MEETING

Division of Building Safety
1090 East Watertower Street, Suite 150, Meridian
1250 Ironwood Drive, Suite 220, Coeur d'Alene
2055 Garrett Way, Building 1, Suite 4, Pocatello
1118 F Street, Lewiston (DEQ)
650 Addison Avenue West, Suite 110, Twin Falls (DEQ)
900 N. Skyline, Suite B, Idaho Falls (DEQ)

db.s.idaho.gov – (208) 332-7137

Thursday, January 22, 2015
9:00 a.m. – 3:00 p.m. (MST)

(Note: North Idaho - Meeting Commences @ 8:00 a.m. PST)

-
- 9 a.m.** **CALL TO ORDER** – Bob Scott, Chairman
- Roll Call & Introductions
 - Open Forum
 - City and County Concerns – Bret Stoddard, IDABO

CONSENT AGENDA

1. Approval of the January 22, 2015 Agenda
2. Approval of the October 23, 2014 Board Meeting Minutes

ACTION AGENDA

3. **Administrative Appeals Hearing – Mick Williams**
 - a. **Frank Triano Electric – NOV ELE14-0038**
 - b. **Michael Gifford – NOV ELE1410-0013**
 - c. **Dale Garner Electric – NOV ELE1409-0074**
 - d. **Mike Trabert – NOV ELE1411-0089**

INFORMATIONAL AGENDA

4. CEU Hours on Renewals/Website – Ron Whitney
5. Idaho State 54-1009 Revocations or Suspension of Licenses -- Hearings -- Taking Testimony – Steve Keys

12 p.m. LUNCH BREAK *(If needed)*

6. Program Manager Report – Mick Williams
 - a. Journeyman First Exam Attempts Report
 - b. Notice of Violations (NOV) Report
 - c. Verification Permit Report
7. Operational Report – Steve Keys
8. Administrator Report
 - a. Financial Report – C. Kelly Pearce and Kathleen Watkins
 - b. Administrator – C. Kelly Pearce

3 p.m. ADJOURN

All times, other than beginning, are approximate and are scheduled according to Mountain Time (MT), unless otherwise noted. Agenda items may shift depending on Board preference. 01/07/15r

IDAHO ELECTRICAL BOARD

Agenda Item No. 02

Minutes

PRESENTER: Bob Scott, Chairman

OBJECTIVE: Approve minutes from the October 23, 2014 Idaho Electrical Board meeting.

ACTION: Consent

BACKGROUND:

**PROCEDURAL
HISTORY:**

ATTACHMENTS: Draft minutes

**IDAHO ELECTRICAL BOARD
VIDEOCONFERENCE MEETING**

Thursday – October 23, 2014 – 9:00 a.m. (MT)

**Division of Building Safety
1090 East Watertower Street, Suite 150, Meridian
1250 Ironwood Drive, Suite 220, Coeur d'Alene
2055 Garrett Way, Building 1, Suite 4, Pocatello

***DRAFT MINUTES OF THE OCTOBER 23, 2014 MEETING**

NOTE: The following report is not a verbatim transcript of the discussions at the meeting;
however, is intended to record the significant features of those discussions.

Chairman Bob Scott called the meeting to order at 9:02 a.m. (MDT).

Board Members Present:

Bob Scott, Chairman
Jeff Wheeler, Vice-Chairman
Dale Pippitt
Denis Duman
Mark LaBolle
Allan Perman
Tim Phillips
Greg Eagy

DBS Staff Members Present:

C. Kelly Pearce, Administrator
Steve Keys, Deputy Administrator-Operations
Ron Whitney, Deputy Administrator-Administration
Patrick Grace, Deputy Attorney General
Kathleen Watkins, Financial Manager
Bill Hatch, Public Information Officer
Mick Williams, Electrical Program Manager
Terry Blessing, Regional Manager, Region 1
Chris Jensen, Regional Manager, Region 3
Aaron Reynolds, Regional Supervisor, Region 1
Kevin Gellings, Regional Supervisor, Region 2
Adam Bowcutt, Regional Supervisor, Region 3
Renee Bryant, Administrative Assistant 2/Board Secretary

Board Members Absent:

Al Frieze

◆ **Introduction**

Greg Eagy, Supplier to Wholesale Market representative, was welcomed to the Board as the newest member.

◆ **Open Forum**

City and County Concerns – Bret Stoddard, IDABO representative, did not have any items or concerns to bring before the Board.

Compliance – Lamont Gibson, electrical contractor and retired DBS inspector, described several compliance issues in eastern Idaho. His concern is DBS inspector areas are so large and spread out they do not have time to look into compliance issues.

The Region 3 Manager offered to examine this issue and to consider the restructure of inspector areas.

ACTION: The Division will research this issue and, if need be, restructure inspector areas to accommodate more time for compliance.

Master Licenses for Inspectors – Lamont Gibson expressed concern that inspectors should be licensed as master electricians since electrical companies must have master electricians as their designated supervising electrician.

Years ago legislation was proposed to require inspectors to be master electricians. The legislative committee rejected the proposal due to cost concerns.

For further discussion, the topic *Master Licenses for Inspectors* will be placed as informational item 10a on the agenda.

ACTION: The topic *Master Licenses for Inspectors* will be placed on the agenda as an informational item.

Pool Permit Fee – Keri Murray, Phase One Electric, had an issue with being charged excessive permit fees for multiple pool inspections while other electricians have only been charged one \$65 pool permit fee and have had as many, if not more, inspections.

IDAPA 07.02.01.011.02b states, “Residential spas, hot tubs, hydro massage tubs, swimming pools: sixty-five dollars (\$65) for each trip to inspect.”

The Deputy Administrator-Administration will meet with Mrs. Murray to resolve her issue, make certain electrical contractors are charged the correct permit fee for pool inspections, and validate the pool permit fee on the Division’s website is in accordance with IDAPA rule.

ACTION: The Deputy Administrator-Administration will meet with Mrs. Murray to resolve her issue, ensure the Division’s website clearly states the required swimming pool fees/inspections, and electricians are charged the proper permit fee for pool inspections.

◆ **Approval of the October 23, 2014 Agenda**

The topic *Masters License for Inspectors* was added to the agenda as an informational item.

MOTION: Tim Phillips made a motion to approve the agenda with the addition. Allan Perman seconded. All in favor, motion carried.

◆ **Approval of the July 24, 2014 Board Meeting Minutes**

MOTION: Mark LaBolle made a motion to approve the minutes as written. Dale Pippitt seconded. All in favor, motion carried.

◆ **Administrative Appeals Hearing**

Toby Schnuerle – NOV ELE1406-0075 – This case was resolved prior to the meeting.

◆ **Schedule 2015 Board Meetings**

The 2015 Idaho Electrical Board meeting dates are as follows: January 22nd, April 23rd, July 23rd, and October 22nd.

MOTION: Mark LaBolle made a motion to approve the 2015 Idaho Electrical Board meeting dates as presented. Tim Phillips seconded. All in favor, motion carried.

ACTION: The 2015 board meeting dates will be placed on the Division's website.

◆ **Apprentice License Renewal**

The Chairman explained the apprentice five-year registration rule that went into effect July 2009. There are provisions in the rule for apprentices to renew their registration twice; however, there is no avenue for appeal should they not meet the requirements for the first renewal.

Gary Jensen – Mr. Jensen has the required two years schooling and 4,000 hours of work experience. Since the rule does not specify a time period, Mr. Jensen was approved to renew his registration upon submitting proof to DBS of his schooling and hours.

ACTION: Based on the information provided at the meeting, the Division will process the registration application for renewal.

Greg Keller – IDAPA 07.01.03.012.01f states, “An apprentice who has completed the required number of instructional hours and has not passed the journeyman’s examination within two (2) years of completion of the required instructional training hours shall provide proof of continuation training in order to be eligible to take the journeyman exam. For the purposes of Section 012 of these rules, continuation training is defined as registration in a Board-approved fourth-year apprenticeship class.”

Mr. Keller is currently registered in a fourth-year apprenticeship program and is eligible to renew his registration.

ACTION: Based on the information provided at the meeting, the Division will process the registration application for renewal.

Justin Metcalf – Mr. Metcalf explained his son’s and an employee’s school and work history prior to the recession.

Mr. Metcalf’s son will need to provide to the Division documentation showing proof of prior schooling and work hours to be considered to renew his registration.

The employee would like to maintain his apprentice registration until he becomes a journeyman. As stated in IDAPA 07.01.03.012.01f, he will need to register as a fourth-year apprentice; providing supporting documentation to DBS to renew his registration.

ACTION: Based on the information provided at the meeting, the Division will process the registration applications for renewal.

Jeff Janonsek – Mr. Janonsek falls within the requirements stated in IDAPA 07.01.03.012.01f. Therefore, to renew his registration, Mr. Janonsek will need to register in a fourth-year apprenticeship program and provide supporting documentation to DBS.

ACTION: Based on the information provided at the meeting, the Division will process the registration application for renewal.

DBS will review the apprentice documentation originally denied for the renewal month of June, rewrite the courtesy reminder, and post a general announcement on the Division's website.

ACTION: The Division will rewrite the courtesy reminder for future apprentice renewals, post a general reminder on the Division's website, and review all June 2014 apprentice renewals that were denied.

Rex Berry – A letter by Rex Berry, Berry Electric, addressed four situations where current employees were unable to renew their apprentice registration after their initial five-year registration. They were: 1) Lifetime apprentice, 2) Military service, 3) Failed journeyman exam, and 4) Not met requirements due to dire circumstances.

The Division was directed to review each of Mr. Berry's apprentice documentation to determine whether extenuating circumstances exist.

ACTION: For consideration to renew Mr. Berry's employees' registration, the Division will review their information to determine whether any of them fall within the "extenuating circumstances" category.

◆ **Listing & Labeling of Industrial Equipment**

For the Board's information, Al Youngwerth, VersaBuilt, presented an idea to add a new section in Title 54 Chapter 10 of the Idaho Code that would exempt industrial machinery from being labeled and listed by listing agencies. Mr. Youngwerth has been working with Representative Gayle Batt on the proposal for presentation to the 2015 legislative session.

Ann Reeve, Chris Reeve Knives, is in full support of Mr. Youngwerth's proposed legislative idea.

The Division's concerns with the proposal are: 1) Any provision that relates to exempting any electrical equipment that has been installed and in use for more than a year, and 2) The expansion of the exemption to anything beyond the industrial equipment.

◆ **Temporary Journeyman License**

The complete proposed rule, to prevent out-of-state journeymen from registering and working as apprentices in Idaho, was provided to the Board for review. At the July 2014 meeting, the Board voted for the Division to move forward with the proposal.

◆ **CEU Hours on Renewal/Website**

DBS is working closely with its software provider on the cost to rewrite the program to include CEU hours on individual license renewal notices, and on the Division's website.

The Deputy Administrator-Administration will provide an update at the January 2015 meeting.

ACTION: For the January 2015 Electrical Board meeting, the Deputy Administrator-Administration will provide an update on the cost to add continuing education hours to an individual's license renewal notice and the Division's website.

◆ **Idaho Statute 54-1009 Revocations or Suspension of Licenses--Hearings--Taking Testimony**

After the initial discussion at the July 2014 board meeting, there was concern as to how much work would be involved on the part of the Board. Rather than bring further defined statutory language, DBS provided a list of code enforcement cases in the board packet.

From the Board's standpoint, it would review the various violations in the civil penalties; developing default penalties. The Division has already developed the framework to operate within. The only difference would be companies and individuals would have to come before the Board to plead their cases rather than to DBS.

At the request of the Board, the Division will provide a proposed statute change to Idaho Code 54-1009 *Revocations or Suspension of Licenses--Hearings--Taking Testimony* at the January 2015 meeting.

ACTION: For the January 2015 Electrical Board meeting, the Deputy Administrator-Operations will provide draft language to Idaho Code 54-1009 *Revocations or Suspension of Licenses--Hearings--Taking Testimony*.

◆ **Video Broadcast Locations**

Currently, board meetings are held via videoconference between the Division's Meridian, Coeur d'Alene, and Pocatello offices. As a trial, today's meeting was broadcast to three additional locations in Lewiston, Twin Falls, and Idaho Falls.

◆ **Master Electrician License**

This topic was brought up under "Open Forum" and placed on the agenda for further discussion. All inspectors, city/county/state, are required to pass and maintain a national certification within the state of Idaho.

The Board was asked; however, did not reply whether to pursue a rule or statute change requiring inspectors to have a master electrician license.

◆ **Program Manager Report**

Training – As of January 2015, DBS will begin full enforcement of the 2014 NEC. The majority of inspectors, state/city/county, have been trained.

Training by the Electrical Program Manager has been, and will continue to be, offered to the industry on the interpretation/implementation of the code, state statute and rules, NFPA 70E, and electrical licensing.

Journeyman First Exam Attempts Report – The Journeyman First Exam Attempts Report, November 2013 through August 2014, and Exam Survey Report, as of October 14, 2014, were reviewed.

Notice of Violations (NOV) Report – The NOV Report by region, July 1 through October 6 2014, was reviewed. The Division was asked to add the contractor names next to their violation on the report.

ACTION: Beginning at the January 2015 board meeting, the contractor names will be included in the NOV Report.

Verification Permit Report – The Verification Permit Report, July 1 through October 6, 2014, was reviewed.

◆ **Operational Report**

The Deputy Administrator-Operations did not have any items to address.

◆ **Administrator Report**

Financial Report – The Electrical Board Fund, FY 2014 financial statement as of June 30, 2014, and FY 2015 financial statement as of September 30, 2014, was reviewed.

City of Eagle – The city of Eagle has chosen to contract out their inspections rather than have DBS provide those services. Also, the city no longer has an electronic application process for permits; requiring contractors to purchase them in person.

Magnolia Nitrogen Idaho LLC “Magnida” – It is estimated 800 electricians will be hired onsite for 12 of the 18 months it will take to build the fertilizer plant.

◆ **Adjournment**

MOTION: Mark LaBolle made a motion to adjourn the meeting. Tim Phillips seconded. All in favor, motion carried.

The meeting adjourned at 1:30 p.m. (MDT).

BOB SCOTT, CHAIRMAN
IDAHO ELECTRICAL BOARD

C. KELLY PEARCE, ADMINISTRATOR
DIVISION OF BUILDING SAFETY

DATE

DATE

*These DRAFT minutes are subject to possible corrections and final approval by the Idaho Electrical Board. 12/11/2014rb

IDAHO ELECTRICAL BOARD

Agenda Item No. 03a **Frank Triano Electric – NOV ELE14-0038**

PRESENTER: Mick Williams, Electrical Program Manager

OBJECTIVE: Administer a ruling on Frank Triano Electric’s Appeal – NOV ELE14-0038

ACTION: Affirm, reject, decrease or increase the imposed penalties.

BACKGROUND: The Notice of Violation (NOV) was issued based upon a proposed violation to IDAPA 07.01.11.011.08 “Corrections”.

**PROCEDURAL
HISTORY:**

ATTACHMENTS: Documentation from Frank Triano Electric and DBS

IDAHO ELECTRICAL BOARD

Agenda Item No. 03b

Michael Gifford – NOV ELE1410-0013

PRESENTER: Mick Williams, Electrical Program Manager

OBJECTIVE: Administer a ruling on Michael Gifford's Appeal – NOV ELE1410-0013

ACTION: Affirm, reject, decrease or increase the imposed penalties.

BACKGROUND: The Notice of Violation (NOV) was issued based upon proposed violations to IDAPA 07.01.11.011.07 "Fees and Permits" and IDAPA 07.01.11.011.07a "Failure to Post Permit".

**PROCEDURAL
HISTORY:**

ATTACHMENTS: Documentation from Michael Gifford and DBS

IDAHO ELECTRICAL BOARD

Agenda Item No. 03c **Dale Garner Electric – NOV ELE1409-0074**

PRESENTER: Mick Williams, Electrical Program Manager

OBJECTIVE: Administer a ruling on Dale Garner Electric’s Appeal – NOV ELE1409-0074

ACTION: Affirm, reject, decrease or increase the imposed penalties.

BACKGROUND: The Notice of Violation (NOV) was issued based upon a proposed violation to IDAPA 07.01.11.011.08 “Corrections”.

PROCEDURAL HISTORY:

ATTACHMENTS: Documentation from Dale Garner Electric and DBS

IDAHO ELECTRICAL BOARD

Agenda Item No. 03d

Mike Trabert – NOV ELE1411-0089

PRESENTER: Mick Williams, Electrical Program Manager

OBJECTIVE: Administer a ruling on Mike Trabert’s Appeal – NOV ELE1411-0089

ACTION: Affirm, reject, decrease or increase the imposed penalties.

BACKGROUND: The Notice of Violation (NOV) was issued based upon a proposed violation to IDAPA 07.01.11.011.07 “Fees and Permits”.

PROCEDURAL HISTORY:

ATTACHMENTS: Documentation from Mike Trabert and DBS

IDAHO ELECTRICAL BOARD

Agenda Item No. 04

CEU Hours on Renewals/Website

PRESENTER: Ron Whitney, Deputy Administrator-Administration

OBJECTIVE: Add the hours of continuing education on file for each electrician on both the license renewal notice and the Division's website.

ACTION: Informational

BACKGROUND: July 2014 – To ensure a licensee meets the CEU requirements to renew a license, it was suggested the Division post on its website and renewal forms the licensee's CEU courses taken and remaining hours needed.

October 2014 – DBS is working closely with its software provider on the cost to rewrite the program to include CEU hours on individual license renewal notices, and on the Division's website.

The Deputy Administrator-Administration will provide an update at the January 2015 meeting.

PROCEDURAL HISTORY:

ATTACHMENTS: No documentation

IDAHO ELECTRICAL BOARD

Agenda Item No. 05 Idaho Statute 54-1009 Revocations or Suspension of Licenses -- Hearings -- Taking Testimony

PRESENTER: Steve Keys, Deputy Administrator-Operations

OBJECTIVE: Allow the Electrical Board to suspend or refuse to renew a certificate of competency.

ACTION: Vote to accept or reject the proposal.

BACKGROUND: October 2014 – After the initial discussion at the July 2014 board meeting, there was concern as to how much work would be involved on the part of the Board. Rather than bring further defined statutory language, DBS provided a list of code enforcement cases in the board packet.

From the Board's standpoint, it would review the various violations in the civil penalties; developing default penalties. The Division has already developed the framework to operate within. The only difference would be companies and individuals would have to come before the Board to plead their cases rather than to DBS.

At the request of the Board, the Division will provide a proposed statute change to Idaho Code 54-1009 *Revocations or Suspension of Licenses--Hearings--Taking Testimony* at the January 2015 meeting.

ATTACHMENTS: Idaho Code § Title 54 - Professions, Vocations, and Businesses -- Chapter 10 - Electrical Contractors and Journeymen

**TITLE 54. PROFESSIONS, VOCATIONS, AND BUSINESSES
CHAPTER 10. ELECTRICAL CONTRACTORS AND JOURNEYMEN**

§ 54-1001. Declaration of policy

From and after the taking effect of this act, all installations in the state of Idaho of wires and equipment to convey electric current and installations of apparatus to be operated by such current, except as hereinafter provided, shall be made substantially in accord with the National Electrical Code of 1971, as approved by the American Standards Institute, relating to such work as far as the same cover both fire and personal injury hazards, and as the National Electrical Code shall be amended, revised, compiled and published from time to time and as such amendments or revisions are adopted by the Idaho electrical board.

§ 54-1001B. Inspection provisions inapplicable when installation covered by municipal ordinance

The provisions of this act relating to state inspection, except as provided in section 54-1001C, shall not apply within the corporate limits of incorporated cities and villages which, by ordinance or building code, prescribe the manner in which wires or equipment to convey current and apparatus to be operated by such current shall be installed, provided that the provisions of the National Electrical Code are used as the minimum standard in the preparation of such ordinances or building codes and provided that actual inspections are made.

§ 54-1001C. Inspections within municipalities -- When authorized

The administrator of the division of building safety may make electrical inspections within any city upon written request from the mayor or manager of such city. Such inspections shall be made in accordance with the local ordinance or building code. Service of the inspector shall be furnished at cost, such cost to be paid monthly to the administrator by the city requesting inspection service.

§ 54-1001D. Inspections of modular buildings - When authorized - Approval and certification

(1) Notwithstanding the exemption provided in subsection (1)(c) of section 54-1016, Idaho Code, the administrator of the division of building safety may make electrical inspections of any modular building upon written request from the manufacturer.

(a) Inspections shall be made in accordance with the codes adopted in this chapter.

(b) Inspection fees shall be as provided in section 39-4303, Idaho Code.

(c) The administrator may issue inspection tags for inspections if the buildings are in compliance with the codes adopted in this chapter

(2) The administrator of the division of building safety is hereby authorized to make inspections of electrical installations as set forth herein and to issue inspection tags covering such installations.

§ 54-1002. License essential to engage in business -- Licensure authority exclusive to the state

(1) It shall be unlawful for any person, partnership, company, firm, association or corporation, to act, or attempt to act, as an electrical contractor or special electrical contractor in this state until such person, partnership, company, firm, association or corporation, shall have received a license as an electrical contractor, as herein defined, issued pursuant to the provisions of this chapter by the administrator of the division of building safety.

(2) It shall be unlawful for any person to act as a journeyman electrician in this state until such person shall have received a license as a journeyman electrician, as herein defined, issued pursuant to the provisions of this act, by the administrator of the division of building safety, provided, however, that any person who has been issued a master electrician's license pursuant to this chapter may act as a journeyman electrician.

(3) It shall be unlawful for any person to act as a specialty electrician in this state until such person shall have received a license as a specialty electrician, as herein defined, issued pursuant to the provisions of this act, by the administrator of the division of building safety, provided however, that any person who has been issued a master electrician's license or a journeyman electrician's license pursuant to this act may act as a specialty electrician.

(4) Licensure of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors and registration of apprentice electricians shall be within the exclusive jurisdiction of the state pursuant to this chapter and no local jurisdiction shall have the authority to require additional licensure or to require payment of any fees in order for any licensee to engage in the electrical construction trade within the local jurisdiction or to issue licenses to persons licensed under this chapter which are inconsistent with the provisions of this chapter or rules promulgated by the division of building safety. The state shall investigate all local infractions and state violations of this chapter and prosecute the same. The local jurisdictions will assist the state by requesting investigations within their jurisdictions. Nothing in this chapter shall restrict a city or county from imposing stricter public safety rules, notwithstanding any provision of Idaho Code.

§ 54-1003. Administrator authority

(1) Only the administrator of the division of building safety of the state of Idaho is authorized and empowered to conduct examinations and to pass upon the qualifications of applicants, and to grant and issue licenses or registrations to such applicants as are found to be qualified to engage in the trade, business or calling of a journeyman electrician, electrical contractor, master electrician, specialty electrician, specialty electrical contractor, specialty electrical trainee or apprentice electrician in the manner and upon the terms and conditions hereinafter provided.

(2) No licenses granted hereunder shall be transferable. Licenses shall be issued upon the condition that the holder thereof shall comply with all provisions of this chapter.

~~(3) The administrator of the division of building safety is authorized to impose civil penalties as provided in this chapter.~~

§ 54-1003A. Definitions

(1) Electrical Contractor. Except as provided in section 54-1016, Idaho Code, any person, partnership, company, firm, association or corporation engaging in, conducting, or carrying on the business of installing wires or equipment to carry electric current or installing apparatus to be operated by such current, or entering into agreements to install such wires, equipment or apparatus, shall for the purpose of this act be known as an electrical contractor. An electrical contractor, prior to being issued a license, shall be required to provide proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) and proof of worker's compensation insurance if applicable.

(2) Journeyman Electrician. Except as provided in section 54-1016, Idaho Code, and subsections (3), (4), (5) and (6) of this section, any person who personally performs or supervises the actual physical work of installing electric wiring or equipment to convey electric current, or apparatus to be operated by such current, shall, for the purpose of this act, be known as a journeyman electrician.

(3) Apprentice Electrician. Any person who, for the purpose of learning the trade of journeyman electrician, engages in the installation of electric wiring, equipment, or apparatus while under the constant on-the-job supervision of a qualified journeyman electrician shall, for the purpose of this act, be known as an apprentice electrician.

(4) Maintenance Electrician. Any person who is regularly employed to service, maintain or repair electrical apparatus, or to make minor repairs or alterations to existing electrical wires or equipment located on his employer's premises shall, for the purpose of this act, be known as a maintenance electrician.

(5) Master Electrician. A person who has the necessary qualifications, training, experience and technical knowledge to plan, layout or design the installation of electrical wiring or equipment, or to supervise such planning, layout, or design, and who performs or supervises such planning, layout or design, shall, for the purpose of this act, be known as a master electrician.

(6) Specialty Electrician. A person having the necessary qualifications, training, experience and technical knowledge to install, alter, repair and supervise the installing, altering or repairing of special classes of electrical wiring, apparatus or equipment within categories adopted by the board. Specialty electricians shall perform work only within the scope of the specialty category for which the person is licensed.

(7) Specialty Electrical Contractor. Except as provided in section 54-1016, Idaho Code, any person, partnership, company, firm, association or corporation engaging in, conducting or carrying on the business of installing, altering or repairing special classes of electrical wiring, apparatus or equipment within categories adopted by the board or entering into agreements to perform such specialty work, shall for the purpose of this act be known as a specialty electrical contractor. Specialty electrical contractors shall perform work only within the scope of the specialty category for which the contractor is licensed. A specialty electrical contractor, prior to being issued a license, shall be required to provide proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) and proof of worker's compensation insurance if applicable.

(8) Specialty Electrical Trainee. Any person who, for the purpose of learning the trade of a specialty electrician, engages in the installation of electrical wiring, equipment or apparatus while under the constant on-the-job supervision of a qualified specialty electrician shall, for the purpose of this act, be known as a specialty electrical trainee.

§ 54-1004. Inspection of electrical installations -- Notice of defects -- Disconnecting electrical service

The administrator of the division of building safety may, during reasonable hours, inspect, reinspect or test any electrical installation coming under the provisions of this act. If, upon inspection, any electrical installation is found to be not in conformity with the provisions of this act, the person, partnership, company, firm, association or corporation making such installation shall immediately be notified, in writing. The notice shall clearly indicate any and all defects to be corrected and specify a definite period of time during which such corrections shall be made. The administrator may cut or disconnect any wire in cases of emergency where necessary for safety of life or property, or order the disconnection of electrical service to any electrical installation, coming under the provisions of this act, when such installation is found to be dangerous to life or property.

§ 54-1005. Rules -- Inspections -- Inspection tags and fees

(1) The administrator of the division of building safety is hereby authorized and directed to enforce rules consistent with this act for the administration of this act and to effectuate the purposes thereof, and for the examination and licensing of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors, specialty electrical trainees and apprentice electricians, and to make inspections of electrical installations referred to in section 54-1001, Idaho Code, and to issue inspection tags covering such installations, and to collect the fees established therefor.

(2) The administrator of the division of building safety may make electrical inspections for another state or local jurisdiction upon request by an appropriate building official. Such inspections shall be made in accordance with the applicable electrical codes of the requesting jurisdiction. Fees charged for such inspection services shall be as provided in the rules promulgated by the board.

(3) Individuals, firms, cooperatives, corporations, or municipalities selling electricity, hereinafter known as the power supplier, shall not connect with or energize any electrical installation, coming under the provisions of this act, unless the owner or a licensed electrical contractor has delivered to the power supplier an inspection tag, issued by the administrator, covering the installation to be energized. Immediately after an installation has been energized, the power supplier shall deliver to the administrator or his authorized agent, the inspection tag covering such installation.

(4) It shall be unlawful for any person, partnership, company, firm, association or corporation other than a power supplier, to energize any electrical installation coming under the provisions of this act unless an application for an electrical inspection tag, covering such installation, together with the inspection fee herein provided, has been forwarded to the administrator.

§ 54-1006. Idaho electrical board

(1) The Idaho electrical board, hereinafter known as the board, is hereby created and made a part of the division of building safety. It shall be the responsibility and duty of the administrator of the division of building safety to administer and enforce the provisions of this act, and to serve as secretary to the Idaho electrical board.

(2) The board shall consist of nine (9) members to be appointed by the governor

with power of removal for cause. Two (2) members shall be licensed journeymen or master electricians; two (2) members shall be employees or officers of licensed electrical contractors; one (1) member shall be a licensed specialty journeyman or contractor; one (1) member shall be an employee or officer of an electrical power provider; one (1) member shall be an employee or officer of a manufacturing plant or other large power user; one (1) member shall be an employee or director of a manufacturer or distributor of electrical supplies or materials; and one (1) member shall be from the public at large not directly associated with the electrical industry. Board members shall be appointed for a term of four (4) years. Members of the board shall hold office until expiration of the term to which the member was appointed and until his successor has been duly appointed and qualified. Whenever a vacancy occurs, the governor shall appoint a qualified person to fill the vacancy for the unexpired portion of the term.

(3) All members of the board shall be citizens of the United States, residents of this state for not less than two (2) years and shall be qualified by experience, knowledge and integrity in formulating rules for examinations, in passing on the fitness and qualifications of applicants for electrical contractor and journeyman electrician licenses and in establishing standards for electrical products to be used in electrical installations coming under the provisions of this act.

(4) The members of the board shall, at their first regular meeting following the effective date of this act and every two (2) years thereafter, elect by majority vote of the members of the board, a chairman who shall preside at meetings of the board and a vice chairman who shall preside at any board meeting in the event the chairman is not present. A majority of the members of the board shall constitute a quorum.

(5) The board is authorized and directed to prescribe and amend rules consistent with this act for the administration of this chapter and to effectuate the purpose thereof, and for the examination and licensing of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors, specialty electrical trainees and apprentice electricians. The board shall also establish the classifications for specialty electrician and specialty electrical contractor licensing and the fees to be charged for permits and inspections of electrical systems. **The board is authorized to impose civil penalties for violations of this chapter and rules of the Idaho electrical board, and** shall establish by administrative rule the fines to be paid for ~~citation-~~ **civil penalties** issued; **however, in no case shall the penalty exceed one thousand dollars (\$1000) for each offense.** ~~and shall hear appeals~~ **The board is authorized to conduct contested cases** regarding the imposition of civil penalties. **The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.** ~~for violations of this chapter and the rules of the Idaho electrical board. The board is authorized to affirm, reject, decrease or increase the penalty imposed by the administrator. However, in no case shall the penalty exceed one thousand dollars (\$ 1,000) for each offense.~~

(6) Each member of the board not otherwise compensated by public moneys shall be compensated as provided by section 59-509(n), Idaho Code.

§ 54-1007. Issuance of licenses -- Reciprocity

(1) The administrator shall issue licenses to such persons as have by examination shown themselves to be fit, competent and qualified to engage in the trade of jour-

neyman electrician, specialty electrician or master electrician as defined in section 54-1003A, Idaho Code, and to such persons, firms, partnerships, associations or corporations as have shown themselves to be fit, competent and qualified to engage in the business of electrical contracting or specialty electrical contracting as defined in section 54-1003A, Idaho Code.

(2) An apprentice electrician, as defined in section 54-1003A, Idaho Code, may take the journeyman's examination if he has completed the required related instruction for electrical apprentices as approved by the Idaho state board for professional-technical education, completion of which shall be evidenced by a certificate from an approved provider, and has worked the number of hours as prescribed by the Idaho electrical board, provided that for all the time he is claiming to have worked as an apprentice electrician, the apprentice shall have been registered with the division of building safety as an apprentice. The electrical board may, by rule, fix the apprentice registration fee, in an amount not to exceed the costs of issuing apprentice registration certificates and enforcing the apprentice registration provisions of this chapter, and may also by rule establish requirements relative to the manner of registration renewal, verification of employment, the number of instructional hours completed, continuation training and the number of hours worked.

(a) All verification of employment forms submitted by an apprentice shall be entered into and maintained in the apprentice's file by the division of building safety. The division of building safety shall provide the apprentice online access to this information.

(b) An apprentice who has completed the number of instructional hours and has not taken or passed the journeyman's examination within two (2) years of completion of the instructional training hours, shall provide proof of continuation training as set by rule of the electrical board.

(c) An apprentice who has not advanced in apprenticeship training for a period of two (2) years shall complete continuation training as set by rule of the electrical board.

(3) Any person who has worked as a licensed journeyman for a period of not less than four (4) years and who has worked the number of hours as prescribed by rule of the board as a licensed journeyman electrician shall be considered as qualified to apply for a master electrician's license in this state. The Idaho electrical board, in establishing by rule the requirements for a master electrician's license, shall also take into account the applicant's performance as a journeyman electrician.

(4) Any person with out-of-state experience who has worked as a journeyman electrician or as an apprentice electrician for a period of four (4) years, and who has met such other requirements as established by rule of the board, shall be considered as qualified to apply for a journeyman electrician's license in this state.

(5) To the extent that other states which provide for the licensing of electricians provide for similar action, the administrator, on the recommendation of the Idaho electrical board, may grant licenses to electricians licensed by such other states, upon payment by the applicant of the required fee and upon furnishing proof to the board that the applicant has qualifications at least equal to those provided herein for applicants for written examinations. Applicants who qualify for a license under this subsection are not required to take a written examination.

§ 54-1008. Duration of license

(1) All licenses, including license renewals, for master electricians, journeyman electricians and specialty journeyman electricians shall issue for a period of three (3) years, and shall expire three (3) years from the date of issue unless renewed, revoked or suspended.

(2) Electrical contractor and specialty electrical contractor licenses issued after July 1, 2002, shall issue for a period of one (1) year, and shall expire one (1) year from the date of issue unless renewed, revoked or suspended.

(3) Electrical apprentice registration issued or renewed after July 1, 2009 shall be issued for a period of five (5) years.

(4) Electrical specialty trainee registrations issued or renewed after July 1, 2009, shall be issued for a period of three (3) years.

(5) Each licensing period and each registration period shall end at midnight on the last day of the month of the licensing or registration period. Licenses and registrations not renewed by this date shall have expired.

(6) The board shall promulgate rules to provide for a staggered system of issuing and renewing licenses.

§ 54-1009. Revocation or suspension of licenses -- Hearings -- Taking testimony

(1) The ~~administrator~~ **electrical board** shall have power to revoke or suspend any license if the same was obtained through error or fraud, or if the holder thereof is shown to be grossly incompetent, or has willfully violated any of the rules prescribed by the board, or as prescribed in this chapter; or has, after due notice, failed or refused to correct, within the specified time, any electrical installation not in compliance with the provisions of this chapter, or has failed to pay within the time provided, civil penalties which have become final by operation of law.

(2) The ~~administrator~~ **electrical board** shall have the power to revoke or suspend any electrical contractor or electrical specialty contractor license if, at any time during the term of active contractor or specialty contractor licensure, the licensee failed to maintain required liability insurance or applicable worker's compensation insurance.

(3) Before any license shall be revoked or suspended, the holder thereof shall have written notice enumerating the charges against him, and shall be given **an opportunity for a hearing by said administrator the board**, and have an opportunity to produce testimony in his behalf, at a time and place specified in said notice, which time shall not be less than five (5) days after the service thereof.

(a) The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.

(b) Any party aggrieved by the action of the ~~administrator~~ **electrical board** shall be entitled to judicial review thereof in accordance with the provisions of chapter 52, title 67, Idaho Code.

(4) The ~~administrator~~ **electrical board** shall have the power to appoint, by an order in writing, a hearing officer to take testimony, who shall have power to administer oaths, issue subpoenas and compel the attendance of witnesses, and the decision of the administrator shall be based on his examination of the testimony taken and the records produced. Any person whose license has been revoked may, after the expiration of one (1) year from the date of such revocation, but not before, apply for a new license.

§ 54-1010. Installations by electrical contractor performed by licensed journeyman -- Prior certificate holders entitled to license -- List of electricians in contractor's employ

(1) On and after July 1, 1961, any electrical contractor who works as a journeyman electrician, as herein defined, shall be required to have a journeyman electrician's license issued under the provisions of this act. All installations of electrical wiring, equipment or apparatus made by an electrical contractor shall be done by or under the direct supervision of a licensed journeyman electrician.

(2) The individual owner of an electrical contracting business may act as his own journeyman electrician provided that he has complied with the provisions of section 54-1002, Idaho Code, pertaining to journeyman electrician. Each electrical contractor in this state shall, upon request of the administrator, or his authorized agent, furnish a list of journeyman electricians in said electrical contractor's employ.

(3) From and after July 1, 1986, any individual working as an apprentice electrician, as defined in this act, must be registered with the division of building safety, as an apprentice electrician, as provided in section 54-1007, Idaho Code; and it shall be unlawful for an individual to work as an apprentice electrician without possessing a current apprentice registration certificate.

(4) On and after July 1, 1999, any individual working as a specialty electrical trainee, as defined in this chapter, must be registered with the division of building safety, as a specialty electrical trainee. It shall be unlawful for an individual to work as a specialty electrical trainee without possessing a current registration certificate.

§ 54-1013. Renewal of licenses or registrations -- Inactive licenses

(1) A license or registration once issued under this chapter, unless revoked or suspended as herein provided, may be renewed at any time during the final month of the licensing period on the payment of the renewal fee herein specified, proof of satisfaction of applicable continuing education requirements as established by the electrical board, proof of satisfaction of applicable apprentice and specialty trainee instruction and work requirements as established by the electrical board, and provided that all outstanding civil penalties, and permit or other fees, have been paid in full, and all outstanding correction notices have been satisfactorily resolved. For electrical contractors and specialty electrical contractors, proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) shall also be required, and proof of worker's compensation insurance shall be required if applicable.

(2) Any license which has expired may be revived at any time within one (1) year from the last day of the final month of the licensing period, by payment of the revival fee herein specified, together with all outstanding civil penalties, and permit or other fees and penalties, and upon proof that outstanding correction notices have been satisfactorily resolved. For electrical contractors and specialty electrical contractors, proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) shall also be required, and proof of worker's compensation insurance shall be required if applicable.

(3) Certificates of competency issued prior to July 1, 1961, shall, for the purpose of this chapter, be considered as licenses and may be renewed or revived as herein provided.

(4) The administrator may renew, on an inactive basis, the license of an electrical contractor or specialty contractor who is not engaged in electrical contracting in this state. The board shall fix and collect an inactive license fee for such an inactive license renewal in an amount not to exceed one hundred fifty dollars (\$ 150). Each inactive license shall be issued for a period of one (1) year. An electrical contractor or specialty contractor holding an inactive license may not engage in the practice of electrical contracting or specialty contracting in this state. If an electrical contractor or specialty contractor wishes to convert his inactive license to an active license, he may do so by paying a processing fee of thirty dollars (\$ 30.00) and providing proof of the required liability insurance and applicable worker's compensation insurance.

§ 54-1014. Fees

The administrator of the division of building safety shall charge the following fees:

- (1) Application for license \$15.00
- (2) One-year licenses:
 - (a) Electrical contractor license \$125.00
 - (b) Electrical contractor license renewal \$100.00
 - (c) Electrical contractor license revival \$125.00
 - (d) Specialty contractor license \$125.00
 - (e) Specialty contractor license renewal \$100.00
 - (f) Specialty contractor license revival \$125.00
- (3) Three-year licenses, in accordance with sections 54-1008 and 54-1013, Idaho Code:
 - (a) Master electrician license \$65.00
 - (b) Master electrician license renewal \$45.00
 - (c) Master electrician license revival \$55.00
 - (d) Journeyman electrician license \$55.00
 - (e) Journeyman electrician license renewal \$45.00
 - (f) Journeyman electrician license revival \$55.00
 - (g) Specialty journeyman electrician license \$55.00
 - (h) Specialty journeyman electrician license renewal \$45.00
 - (i) Specialty journeyman electrician license revival \$55.00
 - (j) Specialty trainee registration and working license \$30.00

(i) At the time the specialty trainee applies for a specialty journeyman electrician license, the pro rata value of any remaining time on a specialty trainee working license shall be credited toward the purchase of the specialty journeyman electrician license.

(4) Five-year licenses, in accordance with sections 54-1008 and 54-1013, Idaho Code:

- (a) Apprentice electrician registration and working license \$50.00

(i) At the time the apprentice applies for a journeyman electrician license, the pro rata value of any remaining time on an apprentice electrician working license shall be credited toward the purchase of the journeyman electrician license.

§ 54-1015. Electrical Board Fund Established

All money received by the administrator, under the terms and provisions of this chapter, shall be paid into the state treasury, as directed by the provisions of section 59-1014, Idaho Code, and shall be, by the state treasurer, placed to the credit of a dedicated fund to be known as the electrical board fund and all such moneys, hereafter placed in said fund, are hereby set aside and appropriated to the division of building safety to carry into effect the provisions of this chapter.

§ 54-1016. Exemptions

(1) Nothing in this chapter shall be deemed to apply to:

(a) Any regulated utility, telephone company, rural telephone cooperative or municipal communications utility, or its employees, in the installation or maintenance of communication circuits, wires and apparatus by or for such entities or their communications service customers;

(b) Any electrical public utility, or its employees, in the installation and maintenance of electrical wiring, circuits, apparatus and equipment by or for such public utility, or comprising a part of its plants, lines or system;

(c) Modular buildings as defined in section 39-4301, Idaho Code, that are constructed in the state of Idaho for installation on building sites outside the state; provided however, that no modular building shall be installed on a building site in the state of Idaho until it has been approved and bears the insignia of approval of the division as being in compliance with the requirements set forth in section 39-4304, Idaho Code.

(2) The licensing provisions of this chapter shall not apply to:

(a) Any property owner performing electrical work in the owner's primary or secondary residence or associated outbuildings;

(b) Any person regularly employed as a maintenance electrician performing electrical maintenance work on the premises of the person's employer;

(c) Any telephone company, rural telephone cooperative, or municipal communications utility, its employees, its subsidiaries, and employees of the subsidiaries performing work on customer-owned facilities under the exclusive control of the telephone company, rural telephone cooperative, or municipal communications utility;

(d) Any telephone company, rural telephone cooperative, or municipal communications utility, its employees, its subsidiaries, and employees of the subsidiaries performing repair work on customer-owned facilities at the request of the customer;

(e) Any electrical public utility, rural electrical cooperative, municipal power utility, its employees, its subsidiaries, and employees of the subsidiaries performing work on customer-owned facilities under the exclusive control of the electrical public utility, rural electrical cooperative, or municipal power utility; and

(f) Any electrical public utility, rural electrical cooperative, municipal power utility, its employees, its subsidiaries, and employees of the subsidiaries performing emergency repair work on customer-owned facilities at the request of the customer.

(3) The licensing provisions of this chapter shall not apply to individuals licensed pursuant to chapter 50, title 54, Idaho Code, or certificated pursuant to chapter 26, title 54, Idaho Code, as follows:

(a) Individuals holding a current heating, ventilation and air conditioning (HVAC)

license or a current plumbing certification may install electrical circuitry from the disconnecting means to a water heater and electrical connections to the water heater as long as the disconnect is in sight from the unit and the circuit from the disconnecting means to the water heater is no more than fifty (50) feet long.

(b) Individuals holding a current HVAC license may install:

(i) Electrical space heaters with no attached ductwork;

(ii) Electrical connections to HVAC equipment from the disconnecting means to the unit as long as the disconnect is in sight from the unit and the circuit from the disconnecting means to the HVAC equipment is no more than fifty (50) feet long; and

(iii) Ventilating fans, except ducted range hoods in residences.

(c) HVAC licensees may install control wiring of twenty-four (24) volt or less for HVAC equipment of five (5) tons or less in capacity. Plumbing certificate holders are not authorized to install control wiring in HVAC equipment, regardless of voltage.

(4) To the extent that a plumbing or HVAC installation permit issued by the Idaho division of building safety includes any part of an electrical installation, the permit issued and inspection performed shall be sufficient to satisfy the permitting and inspecting requirements of this chapter if all required permit fees have been paid.

§ 54-1017. Violations of act a misdemeanor

Any person, partnership, company, firm, association or corporation who shall engage in the trade, business or calling of an electrical contractor, journeyman electrician, master electrician, specialty electrician, specialty electrical contractor, specialty electrical trainee or apprentice electrician without a license or required registration as provided for by this act, or who shall violate any of the provisions of this act, or the rules of the Idaho electrical board or of the administrator of the division of building safety herein provided for, or who shall refuse to perform any duty lawfully enjoined upon him by the administrator **or board** within the prescribed time; or who shall fail, neglect, or refuse to obey any lawful order given or made by the administrator **or board** shall be guilty of a misdemeanor and shall be subject to the civil penalties established by administrative rule but not to exceed one thousand dollars (\$ 1,000). Each day of such violation shall constitute a separate offense. A violation will be considered a second or additional offense only if it occurs within one (1) year from the first violation.

§ 54-1018. Separability

If any clause, sentence, section, provision or part of this act shall be adjudged to be unconstitutional or invalid for any reason, by any court of competent jurisdiction, such judgment shall not impair, affect or invalidate the remainder of this act which shall remain in full force and effect thereafter.

§ 54-1019. Qualifications of inspectors

The administrator of the division of building safety shall appoint the number of deputy electrical inspectors as may be required for the effective enforcement of the provisions of this chapter. All inspectors shall be skilled in electrical installations with not less than four (4) years of actual experience as a journeyman electrician, shall possess certificates of competency prior to appointment, and shall be fully familiar with the provisions

of this chapter and rules made both by the administrator and the Idaho electrical board. No inspector employed by the division of building safety and assigned to the enforcement of the provisions of this chapter shall be engaged or financially interested in an electrical business, trade, practice or work, or the sale of any supplies connected therewith, nor shall he act as an agent, directly or indirectly, for any person, firm, copartnership, association or corporation so engaged. Inspectors employed by municipalities electing to claim exemption under this chapter must possess the qualifications set forth in this section. Inspectors employed by the division of building safety shall take and pass, before the end of their probationary period, the general inspector's test administered by the educational testing service, or future tests developed by the educational testing service for that purpose, or such examination developed for similar purposes, and administered by another testing agency, which the Idaho electrical board may select. The board may also promulgate rules relative to the applicability of this provision to existing electrical inspectors with permanent status in the division.

	12/15/2014			Met Scott Watson at site, owners dad. He said baseboard heater are overloaded and the gfci on them trips also to many gfci receptacles in house. I looked over house and at some heaters he had disconnect. The heater appear to be wired incorrectly. I recommmed hiring a qualified licesed electricion to go over heater and any other concerns. No gfci were found on heat circuits.It appears the basement was finished affer previous inspections resulting in bad heater locations. I believe some baseboard heaters in upper floors were set up as future and were installed afte previous inspection. Scott also has hung some drywall in main arera to cover expose floor system.

"Verification" Inspections by Inspector
For the Period 6/1/2014 thru 1/1/2015

VER1401-00020	07/15/2014	COMPLIANCE	(7/16/2014 7:40 AM GSO)
	07/15/2014		While doing inspection for power for sign I looked for permit for sign and could not locate one. I talked to owner and he gave me Total Sign as contact Gary 665-7305. I called and left voice mail. Dan from Mountain sign called back and said he did sign and Total Sign is just a broker. After futher research I located permit with wrong address WEB1406-01865.
		GARY SONNEN	
	07/16/2014	COMPLIANCE	(7/17/2014 8:40 AM GSO)
	07/16/2014		Following complaint on sign, sign has permit see web1405-01861, Sign Service.
			While talking to owners I discoverd they have new circuit to sign without permit. They are going to hire licenced contractor to pull permit and look over job. Job address is 5785 N Goverment Way, owners Chris and Kerry Kieres.

<u>Permit No</u>	<u>Scheduled Date Completed Date</u>	<u>Remarks</u>	<u>Result</u>	<u>Notes</u>
VER1401-00030	10/06/2014 10/06/2014	JUSTIN BUSSKOHL	COMPLIANCE	(10/8/2014 7:04 AM JBU) Talked to Russell Lee Bulow working with Scott Sherick. He did not have a license. He was not doing any electrical installation. Scott said that he was needed to be the ground person for the two men in the trucks doing the sign work. I let Scott know that if he is going to be on job sites that he should have a license.

Inspection ID	Date	Inspector	Findings	Notes
VER1401-00033	06/25/2014	KEVIN HUBBLE	FINDINGS	(6/26/2014 9:26 AM KHU) On 6-25-14 I received a call from Mick Williams (Electricak Program Manager) about a child being in contact with a electrical hazard and to meet with the fire cheif of Payette (Steve Castaenada) a licenced electrical journymen J-17698 . At 12:00 am I found the outlet 20 in off the ground indoors in the north east corner of the play rm was tamper resistant and polaraty correct , breaker was tripped and no NEC violations . It appears it was a bad appliance cord that the insuilation was cracked and a 1/4 of a inch of bare wire showing. I suggested a 1 week maintenance program checking appliance cords . Kevin Hubble

09/26/2014	FINDINGS	(9/29/2014 9:27 AM KHU)		
09/26/2014		Will Kissel superintendent forScoularCompany at 401 West Commercial St Weiser Idaho asked if I would look at some switches at a grain mill I found the switches in the pit (below grade storage) with NEMA 3R should have been at least a NEMA 6 could have been convusion betwewen model number and nema rating. also switches in areas with combustible dust indoors not ventillated contained non rated switches . Kevin Hubble IdahoState Electrical Inspector/Advisor		
		(10/10/2014 3:05 PM KHU)		
		After futher review and request from Greg Syme the Installer, it is found that the disconnect in the underground storage area (class 2 div1) is a type 12 as well as it could be a 3R in order for it to be a typ12 the weep hole must have a screw in it to keep dust out. There fore the disconnects are legal for a classI div I area Kevin Hubble

VER1401-00053	07/29/2014 07/29/2014	ADMIN TIME	(7/30/2014 7:04 PM SKA) Changed oil in service truck
	07/11/2014 07/11/2014	ADMIN TIME	(7/11/2014 5:57 PM SKA) Met with Avista concerning home generation coordination, they have a database that can be cross referenced in case of an unlicensed installer reporting a system to them, that doesnt go through the inspection process or vice versa a system that we find that is not reported to them. Also recieved a call to meet with Quality Electrics (Grangeville) electrical manager concerning refeeding existing services that are no longer compliant with AVISTA standards, (Apparently Avista has been enforcing their standard that no service can be under a roof?) As many of the old services were mounted on a back wall and then a porch built onto the wall...and then over the years the porch being enclosed/ screened in/ locked off. Avista is finding its services and meter bases inaccessible
	11/04/2014 11/04/2014	ADMIN TIME	(11/4/2014 7:17 PM SKA) Had tires changed to studs, transported summer tires to storage. (11/12/2014 7:41 PM SKA) Checked license for Livewire Electrician Steve Gehring #017845 expires on 2/28/17

COMPLIANCE

(7/29/2014 2:53 PM SFA)

I spent the day chasing information for a NOV, case number ELE1407-0118. I went to homeowners home picked up business card copy and invoice copy of ac installation and electrical work that was done by Dale Swenson. I took pictures of the installation and let the homeowners know that I was not there to inspect as it is not our jurisdiction. I was there to document. I called the Ammon Electrical inspector and spoke with him to see if there was an electrical permit on this job, there is not. I wrote the NOV and had all the attachments attached. I notified Dale Swenson that he was getting a NOV for contracting without a license. I then notified Alpine Heating that the electrician they were subbing out to was not a licensed electrical contractor. I spent a lot of time tracking down when Dale's Electrical license expired, I found out it expired in 2006 and was closed in 2007.

HE WILL RUN PVC IN CONCRETE FLOOR TO SOME LOCATIONS-PVC CONDUIT IN OUTSIDE WALLS WITH TIRES AND OVERHEAD THROUGH RAFTERS IN OTHER LOCATIONS. HE CURRENTLY ONLY HAS 3 CONDUCTORS FROM METER/MAIN TO HOUSE-I LET HIM KNOW THAT HE NEEDED AN EQUIPMENT GROUND AS IT IS REQUIRED. I LOOKED AT THE FLOOR BOXES THAT WILL BE INSTALLED IN THE CONCRETE-THEY ARE LISTED FOR CONCRETE. ADVISED THAT UNDER GROUND WOULD HAVE TO BE INSPECTED AND THAT HE COULD NOT RUN NM CABLE UNDERGROUND.

SHELLY FARRIS

COMPLIANCE

(9/17/2014 8:10 AM SFA)
WHILE INSPECTING A SERVICE AT 3773 GOLDEN IN IDAHO FALLS ON 09-16-2014, I, SHELLY FARRIS CHECKED LICENSES ON THE JOB SITE. JOHN BEHM THE 3RD, PLB-C-018654 EXPIRATION OF 5-31-17, WAS INSTALLING PLUMBING PIPE ON THE JOB. I ASKED HIM IF HE WAS THE OWNER OF PATRIOT (PATRIOT TRUCK IN DRIVEWAY HE TOLD ME HE WAS. I ASKED HIM IF HE HAD A PERMIT ON THE JOB. JOHN TOLD ME HE DID, BUT DID NOT HAVE THE INFORMATION ON HIM. I WALKED THE JOB SITE AND QUITE A BIT OF PLUMBING HAD BEEN INSTALLED IN THE BASEMENT AND HE WAS WORKING ON THE PLUMBING ON THE MAIN FLOOR. I WENT OUT AND COULD NOT FIND A PERMIT FOR HIM FOR THIS JOB-SITE. I DID AN ENFORCEMENT PERMIT PLB1409-00212. I WENT BACK INSIDE AND TOLD JOHN THAT I COULD NOT FIND A PERMIT FOR HIM FOR THIS JOBSITE. HE GOT EXTREMELY SNOTTY AND TOLD ME THAT HE DID NOT NEED A PERMIT UNTIL HE WAS READY TO CALL IT IN FOR INSPECTION. I TOLD HIM, NO, YOU NEED A PERMIT WHEN YOU START WORK. AGAIN HE GOT REALLY SNOTTY WITH ME AND TOLD ME THAT HE DID NOT NEED A PERMIT UNTIL IT WAS READY FOR INSPECTION. AGAIN I TRIED TO EXPLAIN THAT HE NEEDED ONE WHEN HE STARTED WORK. AS HE WAS GETTING HOSTILE, I TOLD HIM WELL YOU HAVE ONE NOW AND LEFT THE JOB-SITE (8/1/2014 7:23 AM SFA)

07/31/2014

COMPLIANCE

While inspecting home at 4461 Boulders St, Island Park, I noticed the burial depth for the conductors going to the well was only 6 inches. I called the electrical contractor and asked him who had installed the well. He told me that Andrew well drilling had installed it. He called the general and asked her to come to job site and talk to me about the issues I had with the well. She came and told me that Andrew Well drilling had installed. I could not find a valid electrical license for them or a permit. I called Mike Davis and they do not have a valid public works license, a valid plumbing license or a valid electrical license. I did an enforcement permit for the electrical and will do a NOV for unlicensed contractor-more will follow on the plumbing and public works when I find out more information.
