

54-1007. Issuance of licenses – Reciprocity

(1) The administrator shall issue license to such persons as have by examination shown themselves to be fit, competent and qualified to engage in the trade of journeyman electrician, specialty electrician or master electrician as defined in section 54-1003A, Idaho Code, and to such persons, firms, partnerships, associations or corporations as have shown themselves to be fit, competent and qualified to engage in the business of electrical contracting as defined in section 54-1003A, Idaho Code.

(2) An apprentice electrician, as defined in section 54-1003A, Idaho Code, may take the journeyman's examination if he has completed the required instruction for electrical apprentices as approved by the Idaho state board for professional-technical education, completion of which shall be evidenced by a certificate from an approved provider, and has worked the number of hours prescribed by the Idaho electrical board, provided that for all the time he is claiming to have worked as an apprentice electrician, the apprentice shall have been registered with the division of building safety as an apprentice. The electrical board may, by rule, fix the apprentice registration fee, in an amount not to exceed the costs of issuing apprentice registration certificates and enforcing the apprentice registration provisions of this chapter, and may also by rule establish requirements relative to the manner of verification of employment, the number of instructional hours completed, continuation training and the number of hours worked.

IDAPA 07.01.03.012

01. Requirements for Apprentice Electrician

b. In order to qualify to take the journeyman electrician examination an apprentice electrician shall be required to work ~~four three~~ (4~~3~~) years, defined as a minimum of ~~eight six~~ thousand (8~~6~~,000) hours of work experience, under the constant on-the-job supervision of a journeyman electrician. That work shall include three (3) categories:

- i. Residential;
- ii. Commercial; and
- iii. Industrial installations.

The apprentice must also complete the four (4) years of related instruction for electrical apprentices as approved by the Idaho state board for professional-technical education.
