

Video Conferencing Board Meetings

The Division of Building Safety (DBS) has been conducting board meetings using video conferencing since July of 2010. This technology has expanded the number of individuals that are able to attend our meetings. It has also reduced the expenses associated with having all board members attend meetings in Meridian.

You may attend board meetings in DBS offices in Meridian, Pocatello or Coeur d'Alene. Office addresses are listed below. You are encouraged to participate in the proceedings in the most convenient location for you. If you have information to present, it is helpful to stand at the podium. This helps everyone see and hear you.

Individuals or groups wishing to make a presentation before any board should contact Renee Bryant, Board Support, at (800) 955-3044 at least one month in advance of the scheduled meeting date. This allows time for placement on the agenda. Interested parties unable to meet that deadline may address an issue during the open forum at the beginning of each board meeting.
