IDAHO ELECTRICAL BOARD

Agenda Item No. 02

Minutes

PRESENTER: Bob Scott, Chairman

OBJECTIVE: Approve minutes from the January 22, 2015 Idaho Electrical Board meeting.

ACTION: Consent

BACKGROUND:

PROCEDURAL HISTORY:

ATTACHMENTS: Draft minutes

**IDAHO ELECTRICAL BOARD
VIDEOCONFERENCE MEETING**

Thursday – January 22, 2015 – 9:00 a.m. (MT)

**Division of Building Safety
1090 East Watertower Street, Suite 150, Meridian
1250 Ironwood Drive, Suite 220, Coeur d’Alene
2055 Garrett Way, Building 1, Suite 4, Pocatello
1118 F Street, Lewiston (DEQ)
650 Addison Avenue West, Suite 110, Twin Falls (DEQ)
900 North Skyline, Suite B, Idaho Falls (DEQ)**

***DRAFT MINUTES OF THE JANUARY 22, 2015 MEETING**

**NOTE: The following report is not a verbatim transcript of the discussions at the meeting;
however, is intended to record the significant features of those discussions.**

Chairman Bob Scott called the meeting to order at 9:00 a.m. (MT).

Board Members Present:

Bob Scott, Chairman
Jeff Wheeler, Vice-Chairman
Dale Pippitt
Denis Duman
Mark LaBolle
Allan Perman
Rick Stark
Greg Eagy
Al Frieze

DBS Staff Members Present:

C. Kelly Pearce, Administrator
Steve Keys, Deputy Administrator-Operations
Ron Whitney, Deputy Administrator-Administration
Patrick Grace, Deputy Attorney General
Bill Hatch, Public Information Officer
Mick Williams, Electrical Program Manager
Terry Blessing, Regional Manager, Region 1
Chris Jensen, Regional Manager, Region 3
Gary Sonnen, Regional Supervisor, Region 1
Kevin Gellings, Regional Supervisor, Region 2
Adam Bowcutt, Regional Supervisor, Region 3
Jason Black, IT Resource Manager
Renee Bryant, Administrative Assistant 2/Board Secretary

◆ **Recognition**

Tim Phillips was recognized for his many years of service on the Idaho Electrical Board with a commemorative plaque.

◆ **Introduction**

Rick Stark, Power Provider Representative, was welcomed to the Board as the newest member.

Gary Sonnen was introduced as the Division’s newly appointed Regional Supervisor for Region 1.

◆ **Open Forum**

City and County Concerns – No items or concerns were brought forth.

Five-Year Apprentice Rule – Rex Berry, Berry Electric, requested the five-year apprentice registration requirements, as stated in IDAPA 07.01.03.012.01a “Requirements for Apprentice Electrician”, be removed since there are apprentices who do not aspire to become journeymen. Mr. Berry suggested apprentices should take 16-hours of code update training, for every code cycle, to renew their registration.

The Chairman stated an apprentice and apprenticeship program is a means to become an electrical journeyman, not a career.

◆ **Approval of the January 22, 2015 Agenda**

MOTION: Allan Perman made a motion to approve the agenda as presented. Mark LaBolle seconded. All in favor, motion carried.

◆ **Approval of the October 23, 2014 Board Meeting Minutes**

MOTION: Mark LaBolle made a motion to approve the minutes as written. Allan Perman seconded. All in favor, motion carried.

◆ **Administrative Appeals Hearing**

Frank Triano Electric – NOV ELE14-0038 – Frank Triano represented Frank Triano Electric, Electrical Program Manager Mick Williams represented DBS, and Deputy Attorney General Patrick Grace was the facilitator. Sarah Triano was a witness for Frank Triano Electric, and Building Safety Inspector/Advisor Kevin Hubble was a witness for the Division. All parties provided testimony and argument on NOV ELE14-0038, violation of IDAPA 07.01.011.08 “Corrections”. The Board upheld the \$100 penalty fee, and Mr. Triano was advised of his rights.

MOTION: Mark LaBolle made a motion for the Board to uphold the Notice of Violation, the corrections should be made, and an outlet should be installed in the island. Allan Perman seconded.

AMENDED MOTION: Mark LaBolle amended the motion to reflect ALL corrections to be made as indicated in the Notice of Violation; meeting the requirements in the code. Allan Perman seconded. All in favor, motion carried.

ACTION: The Deputy Attorney General will create a Final Order for the Chairman’s signature, and provide a signed copy to Frank Triano.

Dale Garner Electric – NOV ELE1409-0074 – This case was resolved prior to the meeting.

◆ **CEU Hours on Renewals/Website**

The Deputy Administrator-Administration addressed proposed changes to the Division’s software program, e-TRAKiT, as it pertains to CEU hours and online renewals. A demonstration of the changes to the program was provided by the IT Resource Manager.

It was asked, and DBS agreed, to create a link in e-TRAKiT to a list of approved CEU courses.

ACTION: In e-TRAKiT, the Division will create a link to a list of approved CEU courses.

◆ **Idaho Statute 54-1009 Revocations or Suspension of Licenses--Hearings--Taking Testimony**

As addressed at previous meetings, proposed legislation was presented to the Board. The primary change would be to transfer the responsibility for levying civil penalties and disciplinary matters from the Administrator to the Board.

For discussion at the April 2015 meeting, the Deputy Administrator-Operations offered, and the Board agreed, for DBS to provide a list of appropriate penalties to the Board prior to the meeting.

ACTION: Prior to the April 2015 Board meeting, DBS will provide a list of penalties for the Board to review and discuss at the April 23rd meeting.

◆ **Program Manager Report**

2014 Code Enforcement – Effective January 1, 2015, the 2014 National Electrical Code has been fully implemented and is being enforced by DBS.

Solar Photovoltaic – Solar Photovoltaic classes, designed specific to inspections, will be provided to the Division's inspectors.

Verification Permit Report – The Chairman stated the only information needed on the *Verification Permit Report* is the inspector's name, region, and number of licenses verified.

ACTION: For the April 2015 meeting, the *Verification Permit Report* will only consist of the inspector's name, region, and number of licenses verified.

The Deputy Administrator-Administration offered, and the Board agreed, to place a summary of the report in the board packet and the detailed report on the Division's website.

ACTION: Beginning with the April 2015 meeting, the Administrative Assistant 2/Board Secretary will place a summary of the *Verification Permit Report* in the packet and the detailed report on the Division's website.

Journeyman First Exam Attempts Report – The Journeyman First Exam Attempts Report, November 2013 through December 2014, was reviewed.

Notice of Violations (NOV) Report – The NOV Report, October 1, 2014 through January 1, 2015, was reviewed.

◆ **Operational Report**

Legislation – The Senate Commerce and Human Resources, and House Business Committees recommended passing the three dockets on the electrical side.

New Board – There is the prospect of DBS acquiring a new board related to dig line/damage to underground facilities. The Division has been working with proponents, primarily the utility industry, on proposed legislation.

◆ **Administrator Report**

Financial Manager – Kathleen Watkins, DBS Financial Manager, has taken a position with Idaho Professional-Technical Education.

Financial Report – The Electrical Board Fund, FY 2015 financial statement as of December 31, 2014, was reviewed.

Permits and Revenue – The Deputy Administrator-Administration addressed the permits and revenue statistics specific to the electrical industry.

Construction – Following are new, existing or future construction projects throughout the state of Idaho: 1) Magnida Fertilizer Plant, American Falls; 2) McCain Foods Potato Plant, Burley; 3) Sun Valley Lodge, Sun Valley; 4) Hailey Airport, Hailey; 5) 5-star/5-story hotel facility, Ketchum; 6) 250 acre commercial/housing facilities to include a “box” store, Wood River Valley; 7) Simplot Packing Plant, Kuna; 8) Hospital, Coeur d’Alene; and 9) Condominium, Coeur d’Alene.

◆ **Adjournment**

MOTION: Denis Duman made a motion to adjourn the meeting. Mark LaBolle seconded. All in favor, motion carried.

The meeting adjourned at 11:38 a.m. (MT).

BOB SCOTT, CHAIRMAN
IDAHO ELECTRICAL BOARD

C. KELLY PEARCE, ADMINISTRATOR
DIVISION OF BUILDING SAFETY

DATE

DATE

IDAHO ELECTRICAL BOARD

Agenda Item No. 03

Election of Officers

PRESENTER: Bob Scott, Chairman

OBJECTIVE: Elect a chairman and vice-chairman to preside at Board meetings.

ACTION: Informational

BACKGROUND: Idaho Code §54-1006(4) “Idaho Electrical Board” states, “The members of the board shall, at their first regular meeting following the effective date of this act and every two (2) years thereafter, elect by majority vote of the members of the board, a chairman who shall preside at meetings of the board and a vice-chairman who shall preside at any board meeting in the event the chairman is not present. A majority of the members of the board shall constitute a quorum.”

Bob Scott and Jeff Wheeler are the current chairman and vice-chairman.

PROCEDURAL HISTORY:

ATTACHMENTS: No documentation

IDAHO ELECTRICAL BOARD

Agenda Item No. 04

Apprentice License Renewal

PRESENTER: Bob Scott, Chairman

OBJECTIVE: Allow John Djasran to renew his apprentice registration.

ACTION: Approve or disapprove the renewal of Mr. Djasran's apprentice registration.

BACKGROUND:

**PROCEDURAL
HISTORY:**

ATTACHMENTS: Documentation from Bob Hoskins, John Djasran, and DBS

IDAHO ELECTRICAL BOARD

Agenda Item No. 05

Specialty Electrical License

PRESENTER: Dale Farnworth, CS Techs, Inc.

OBJECTIVE: Request a waiver of the two year work experience needed to test for a specialty electrical license.

ACTION: Approve or disapprove waiver.

BACKGROUND:

PROCEDURAL HISTORY:

ATTACHMENTS: Correspondence from Mr. Farnworth

IDAHO ELECTRICAL BOARD

Agenda Item No. 06 Idaho Statute 54-1009 Revocations or Suspension of Licenses -- Hearings -- Taking Testimony

PRESENTER: Steve Keys, Deputy Administrator-Operations

OBJECTIVE: Allow the Electrical Board to suspend or refuse to renew a certificate of competency.

ACTION: Vote to accept or reject the proposal.

BACKGROUND: October 2014 – After the initial discussion at the July 2014 board meeting, there was concern as to how much work would be involved on the part of the Board. DBS provided a list of code enforcement cases in the board packet.

The Board would review the various violations in the civil penalties; developing default penalties. The Division has the framework to operate within. The only difference, companies and individuals would have to come before the Board to plead their cases rather than to DBS.

As requested, the Division will provide a proposed statute change to Idaho Code 54-1009 *Revocations or Suspension of Licenses--Hearings--Taking Testimony* at the January 2015 meeting.

January 2015 – Proposed legislation was presented to the Board. The primary change would be to transfer the responsibility for levying civil penalties and disciplinary matters from the Administrator to the Board.

For the April 2015 meeting, the Deputy Administrator-Operations offered to provide a list of appropriate penalties to the Board prior to the meeting.

ATTACHMENTS: Draft Electrical Civil Penalty Default Schedule

Draft Electrical Civil Penalty Default Schedule

01. Electrical Contractor

\$200 for 1st offenses, unless offender is currently licensed as an electrical contractor in another jurisdiction, in which case the penalty for 1st offense would be \$500. Subsequent violations assessed at double the last CP issued

02. Employees

\$100 for 1st offense of knowingly employing an unlicensed/unregistered employee. Double the last CP issued for subsequent violations.

03. License or Registration

\$100 for 1st offense for an individual working without being properly licensed or registered for the work being conducted. Double the previous CP for subsequent offenses.

04. Journeyman to Apprentice Ratio

\$100 for the 1st offense for violating the approved journeyman/apprentice ratio; double the previous assessment from previous violation for subsequent offenses.

05. Supervision

\$100 for the 1st offense to any contractor failing to provide the required direct supervision of apprentices. Subsequent offenses assessed at double the previous assessment.

06. Performance Outside Scope of License

\$100 for the 1st offense to any individual or business entity performing work outside of that allowed under their specialty license. Double the assessment for each subsequent offenses.

07.Fees and Permits

\$100 for the 1st offense relating to failure to pay applicable fees or post a permit; subsequent violations at double the previous assessment for the same offense.

08.Corrections

\$100 for the 1st offense involving failure to make required corrections in the period of time allowed by DBS to make said correction. Double the previous penalty for subsequent violations of the same character.

Notes: Maximum penalty allowed for each offense is \$1000.

IDAHO ELECTRICAL BOARD

Agenda Item No. 07 Minimum Height Standards for Electrical Panels

PRESENTER: Mick Williams, Electrical Program Manager

OBJECTIVE: Proposed rule change.

ACTION: Informational

BACKGROUND: DBS Electrical Inspector Samuel Kasper would like the Board to consider a state rule; creating a minimum of 24" to the bottom of the enclosure in every outdoor installation, with a caveat that a dry well cannot be used to artificially create this clearance.

**PROCEDURAL
HISTORY:**

ATTACHMENTS: Supporting documentation from DBS Electrical Inspector Samuel Kasper

Dear Sirs;

A consistent problem seems to be cropping up that would be well addressed with additional rules (Idaho specific) until it is addressed/ readdressed by the National Electrical Code NFPA 70.

Namely the NEC addresses a maximum height for breakers (thereby creating a maximum height for panels) in NEC 404.8 of 6'7" ,

And a requirement for Outdoor mobile home disconnecting means to be 24" to the bottom of the enclosure in NEC 550.32(F).

A problem has risen with contractors using dry wells installed around outdoor services, mostly in new installations of mobile homes, on old sites, where the old service has been retained (usually live and uninterrupted) to serve the new mobile, and landscaping has been done, for example;

Since inspections on these installations are piecemeal, (electrical service already in place, septic already in place, or landscaping done after installation.) the hazard represented by these installation are often not readily apparent to either the inspector or the occupant.

Furthermore because the minimum height is specific to “Outdoor Mobile Home Services” only, many retrofits of existing buildings have ludicrous applications as the current crop of (much!) larger panels are fit to old buildings, in example;

While technically not in violation, (30” wide x 36” deep clearance in front of the panel) these installations are a recipe for disaster, with snow pack often blocking the doors closed, rendering the service inaccessible (and frequently invisible) to fire control, and creating a potential pocket for meltwater to pool until it reaches high enough to short out the service, with the attendant potential for property damage and loss of life.

I will submit this concern to the NFPA in hope of redressing this shortfall, but in the meantime a State rule creating a minimum of 24” to the bottom of the enclosure in every outdoor installation, with a caveat that a dry well cannot be used to artificially create this clearance would clear up any ambiguity, and enhance the safety of current, and future property owners.

Respectfully
Samuel Kasper
Electrical Inspector
Idaho Division of Building Safety.

ADAM KAMPENHOUT

(3/17/2015 12:38 PM AKA)
From: Adam Kampenhout
Sent: Tuesday, March 17, 2015 11:37 AM
To: Mike Davis; Brandee.Pasborg@dbs.idaho.gov
Cc: Mike Holthaus
Subject: UofI Permits

Mike, Brandee,

Mike Holthaus, the Building Trades director at the UofI requests that DBS notify him of all permits issued to University locations, just the way you copy me the notifications to the contractors pulling the permits. He has good reason for this, as more frequently than is desired, work is done on campus without his knowledge. Having the permits on file assists him in knowing that the contractor he sees driving up on campus to work on his buildings is properly licensed and authorized.

Last week we had a case where seriously deficient and dangerous work was done by an unlicensed refrigeration contractor commissioned by a well-intentioned department head. Luckily the shop electricians came across it, by chance, and corrected the situation, and Terry Blessing cited and fined the contractor.

We may not always be so lucky. Mike has resolved to prevent further mishaps and keep an eye out. Do you see any problem granting his request? Note: In the industrial safety Trakit permits, Mike Holthaus is the listed owner's representative, so I assume it would be appropriate for him to be copied these permit notifications. I think this also aids us in the performance of our DBS duties.

PS: I have forwarded to both of you my outlook contact for Mike H. You should have received it by now. It is unusual for anyone to ask for more email, but this is one set he'd love to receive.

Pls let me know what you can do.

VER1501-00025 01/13/2015
01/13/2015

(1/13/2015 3:08 PM PPE)
Good Afternoon,

1/12/15 I checked the license of the following individuals employed by AMP Elec. doing a trim in Silverwater/Cavanaugh Sub, Meridian.

Shane Farwell ELE-J-27204 Exp. 8/31/17 ELE-C-39038 Exp. 6/30/15
Zyre Foster ELE-A-016569 Exp. 8/31/18
Kyle Mower ELE-A-26083 Exp. 2/28/15
Francisco Lagunas ELE-A-29551 Exp. 103119
Antonio Esquivel ELE-J-29085 Exp.7/31/17

Thank you and have a great day,

Jimmie Stansell
Electrical Inspector
(1/8/2015 1:29 PM PPE)
Good Afternoon,

01/08/2015
01/08/2015

1-5-15
I did a license check on Robertson's Elec. doing a trim on a house in Radiant Ridge Dr, Reflection Ridge Sub-Division, Meridian at approx. 10:30 AM.

Vincent Michael Forbes ELE-A-020461 Exp. 8/31/19
Steven Harris ELE-J-28000 Exp. 9/30/15
Jeffery C Larsen ELE-J-006939 Exp. 2/28/17
Shaunicey Sullivan ELE-A-34405 Exp. 9/30/17

1/6/15
I did a license check on Primary Elec. doing a TI rough at 2318 S Eagle Rd, Meridian at approx. 10:00 AM.

Travis T Roland ELE-A-021250 Exp. 10/31/19
Heather Stuckart ELE-A-016337 Exp. 7/31/18

Both apprentices were given a verbal warning for working without a Journeyman Electrician, were instructed to cease work until a Journeyman Electrician was on site. They departed to return to their shop. The owner of Primary Elec., Todd Sellman who had left for a meeting was notified and given a verbal warning for having apprentices working without a supervising Journeyman Electrician on site. I found no previous NOV's on the DBS web site.

Thank you and have a great day,

Jimmie Stansell

01/14/2015	ADMIN TIME	(1/16/2015 1:59 PM RCRI)	
01/14/2015		1- gas line inspection Challis Salmon river propane	
		2- Meet with Chris Jensen and did a walk through the salmon high school modulars for the junior high students. The north modular has several cracks in sheet rock, most sevier cracks are in the south cornor exterior wall that seperates the two class rooms, The floor appears to have lifted on the south half of modular down the marriage seam causing the carpet to unravel and fray. The east side classroom door has shifted so as to make it difficult to function. The south modular has issues with the carpet comming apart at the seams and the begining of cracks in the sheet rock are just starting to appear above the windows. No signs of failure outside the buildings.

	03/03/2015			Spoke with Ohlsen Electric, Checked licenses Shawn Antilla #021931 expires 2-28-18 Justin L. Smith #02190 expires 2-28-18 Chad Garner #021981 expires 2-28-18
				(3/3/2015 8:06 PM SKA)
				Talked with Power City Electric asked where permits were for shutdown work at Clearwater Paper, no permits pulled because Clearwater Paper told them they were unnecessary and that the industrial permit covered their work too.
	01/23/2015	Fords! who needs em!	ADMIN TIME	(1/23/2015 9:17 PM SKA)
	01/23/2015			Car hi centered on snowy road, following GPS between the prison at Cottonwood and the Gifford_Reubens cutoff. Called wrecker from Grangeville, wrecker service did not know how to find location so did not dispatch, GPS in phone and regular GPS unit listed different names for the road (thanks Idaho county! offered wrecker service the latitude and longitude, no joy, wrecker operator does not know how to operate a map...or compass. Four wheel drive does not work, as soon as significant load is placed on four wheel drive it disengages and you have to shutdown the car to reengage it. (Really!!.....it's in the blessed owners manual!) Dug out snow and salvaged wood from nearby fence to provide traction surface, finally the land owner noticed the lights after dark and assisted. 2:15pm-6:30pm. Vehicle with ground clearance, manual transmission, and locking differentials needed. (A winch and chain saw would cut miles off too! Spring and fall timber blowdowns frequently block the roads.) (3/13/2015 7:12 PM SKA)
03/13/2015		COMPLIANCE	Performed inspection of Orofino Creek Court with Mick Williams and Gary Sonnen	
03/13/2015				
03/12/2015		ADMIN TIME	(3/12/2015 7:38 PM SKA)	
03/12/2015			Transported tires from storage and swapped summer tire for studs, transported studs back to storage. Took auto to shop to get estimates for replacing wheel bearing and brake job.

	02/26/2015 02/26/2015	COMPLIANCE	IN COMPLIANCE (2/26/2015 1:47 PM SFA) I WROTE NOV TO ELECTRICAL CONTRACTOR FOR UNLICENSED PERSONEL AND TO ONE APPRENTICE FOR BEING AN UNLICENSED INDIVIDUAL. On 02-19-2015 while I, Shelly Farris, was inspecting jobsite at 3187 N Fulton Drive in Idaho Falls, permit number WEB1502-01047, I checked licenses on two electricians working on job site. I checked Jarad Vincent ELE-M-39031, expiration of 09-30-15 and ELE-C-39032, expiration of 09-30-2017 and also asked for Vic Ropp's license. Vic Ropp told me he did not have his walet with him as he had ran out of gas on the way to work and Jared Vincent had picked him up walking down the road. He told me left his walet in his car. I asked him for his name and address. He told me Vic Ropp and his address is 1771 S. 2nd Street, Pocatello, Idaho 83201. I asked him if this was the address listed on his license and he told me no and that address was 600 Wild Rose Lane in Blackfoot. I left the job site and the next morning I checked on Vic Ropp's license. I found that Vic Ropp's license ELE-A-36575 had expired on 11-30-2014. I called the contractor Jared Vincent and let him know that his apprentice Vic Ropp was expired and he could not be working as he was an unlicensed person. I called Tara in licensing and asked if Vic Ropp would even be able to renew his license as I could not find any schooling. She told me he would not be able to renew unless he could show 4,000 working hours and 2 years of schooling. I called the contractor back and let him know what I had found out from licensing.
