◆ **Welcome**

Julie Maki, One Number Notification Representative, was welcomed as the newest board member.

◆ **Acknowledgement**

Congratulations to Board Members Jeanna Anderson and Roy Ellis on their reappointments to the Board.

◆ **Open Forum**

There were no new issues to address.

◆ **Approval of the July 26, 2018 Agenda**

**MOTION:** Jeffrey Diehl made a motion to approve the agenda as presented. Joe Leckie seconded. All in favor, motion carried.

◆ **Approval of the May 24, 2018 Board Meeting Minutes**

**MOTION:** Joe Leckie made a motion to approve the minutes as written. Jeanna Anderson seconded. All in favor, motion carried.

◆ **Administrative Appeal Hearing**

Titanium Excavation--DAM1803-0026 – Steve Vandermeer represented Titanium Excavation, Compliance Program Specialist Amy Kohler represented DBS, Terry Harpt represented Intermountain Gas, and Deputy Attorney General Spencer Holm was the facilitator. The Board did not object to the introduction of Exhibits A through K (DBS), and 1 through 3 (Titanium Excavation) into the record. All parties were sworn in and provided testimony to DAM1803-0026, violation of IDAPA 07.10.01.020.01.c *One Number Notification to Facility Owner*.

**MOTION:** Mark Van Slyke made a motion to accept the recommendation of DBS to impose the civil penalty as outlined. Julie Maki seconded. Two ayes and six nays, motion did not pass.

**MOTION:** Joe Leckie made a motion to reject the civil penalty. Bob Chandler seconded. Six ayes and two nays, motion passed.

The Deputy Attorney General explained the rights of Titanium Excavation, and the Division will refund the civil penalty fee.

**ACTION:** The Deputy Attorney General will generate a Final Order on Appeal for the Chairman’s signature, and the Division will provide a signed copy to Titanium Excavation.

King Concrete Construction, LLC--DAM1806-0008 – Dave McCarty represented King Concrete Construction, LLC, Compliance Program Specialist Amy Kohler represented DBS, Terry Harpt represented Intermountain Gas, and Deputy Attorney General Spencer Holm was the facilitator. The Board did not object to the introduction of Exhibits A through K (DBS), and 1 through 6 (King Concrete Construction, LLC), into the record. All parties were sworn in and provided testimony to DAM1806-0008, violation of IDAPA 07.10.01.020.01.h *Precautions to Avoid Damage*.

**MOTION:** Mark Van Slyke made a motion to accept the recommendation of DBS to impose the civil penalty as outlined. Jeffrey Diehl seconded. All in favor, motion carried.

The Deputy Attorney General explained the rights of King Concrete Construction, LLC.

**ACTION:** The Deputy Attorney General will generate a Final Order on Appeal for the Chairman’s signature, and the Division will provide a signed copy to King Concrete Construction, LLC.

◆ **2019 Proposed Legislation**

Definitions--§ 55-2202 – Moved from rule to statute were the definitions “Hand Digging” and “Soft Digging”, as well as a new definition of “Locator” added to statute.

**MOTION:** Jerry Piper made a motion to approve the proposed changes in Idaho Code § 55-2202 Definitions. Joe Leckie seconded. All in favor, motion carried.

There are independent locators used by others beyond facility owners. Board Member Jeffrey Diehl suggested the following alternative language, “Locator means a person designating the location of underground facility owned or operated by underground facilities.” Another suggest was to change the word “designating” to “identifying” since “Locator” means a person identifying the location.

**AMENDED MOTION:** Jeffrey Diehl amended the motion to modify the definition of “Locator”.  
Jerry Piper seconded. All in favor, motion carried.

Division Imposition--§ 55-2211 – The Division to impose training and civil penalties with the Board having the authority to reject, affirm, increase or decrease the fines. The new paragraph in subsection one (1) in essence recapitulates the standard already in place regarding multiple violations. Board Member Diehl suggested adding the verbiage “within the statute limitations” to the end of the first sentence and removing the second sentence in its entirety.

**MOTION:** Jeffrey Diehl made a motion to accept, with modifications, the proposed statute changes. Joe Leckie seconded. All in favor, motion carried.

Double Reporting--§ 55-2208(5) – Eliminating the potential for double reporting incidences, the proposal separates out the obligations of the owner to report damages to an underground facility and the excavator to report downtime.

**MOTION:** Joe Leckie made a motion to accept the proposed changes in Idaho Code § 55-2208(5) on double reporting. Jeffrey Diehl seconded. All in favor, motion carried.

Identified but Unlocatable Underground Facilities--§ 55-2205 – To clarify the obligation of the owner, agent, and locator to identify unlocatable underground facilities within 24 inches, the verbiage, “...with reasonable accuracy as defined in section 55-2202(15), Idaho Code...”, was relocated in subsection two (2). In subsection four (4), the language “section 55-2205(2), Idaho Code/required under section 55-2205(2), Idaho Code” replaces “reasonable accuracy/reasonably accurate”.

**MOTION:** Jeffrey Diehl made a motion to accept the proposal as presented. Bob Chandler seconded. All in favor, motion carried.

Right to Appeal Training--§ 55-2211 – Added language in statute would recognize training as a disciplinary action.

**MOTION:** Scott Spears made a motion to accept the proposal. Jeffrey Diehl seconded. All in favor, motion carried.

Service Laterals--§ 55-2202 – Definitions were enhanced, assigning clear responsibility to the party accountable for locating wet utility service laterals. An individual who is exclusively an end user is not responsible for marking service laterals.

It was determined the language in subsection three (3) should read, “End users shall not be required to locate or mark any service lateral. Underground facility owners shall locate and mark service laterals in accordance with section 55-2205(2), Idaho Code.” since everything else is outlined in the definitions.

**MOTION:** Bob Chandler made a motion to approve the proposal with amendments. Jerry Piper seconded. All in favor, motion carried.

Subsequent Violations--§ 55-2211 – The proposed statute change clarifies the amount of a civil penalty for a subsequent violation within 18-months from an earlier violation. If there are no damages to a facility, the civil penalty is not to exceed \$1,000; however, if there are damages to a facility, the civil penalty is not more than \$5,000 for each separate violation.

**MOTION:** Jerry Piper made a motion to accept the proposal as written. Joe Leckie seconded. All in favor, motion carried.

◆ **Recognition**

Chairman Van Slyke recognized Linda Phillips with a commemorative plaque for her many years of service as an advocate for the industry and member of the Damage Prevention Board.

◆ **Public Hearing--Negotiated Rulemaking**

If approved, the following rule amendments will go before the 2019 legislature.

IDAPA 07.10.01.008.02 & .03--Replace “Utility Owner” with “Facility Owner” – To broaden the rule, the proposal replaces “utility owner” with “facility owner”.

**MOTION:** Bob Chandler made a motion to approve the proposal as presented. Scott Spears seconded. All in favor, motion carried.

IDAPA 07.10.01.003--Require Payment of an Appeal Bond – For years, the standard for an appeal before the Electrical, HVAC or Plumbing Boards has been for alleged violators to include the amount of the civil penalty with their appeal request.

To follow suit, the Board requested the Division make the following revisions to the draft rule: 1) Party imposed with training or civil penalty to pay a \$200 appeal bond to request a hearing, 2) Bond refunded if the alleged violator prevails, 3) Bond applied to penalty fee if civil penalty is upheld, and 4) Training appeal, bond refunded if the defendant appears at the hearing.

**MOTION:** Jeffrey Diehl made a motion to accept the proposed rule with modifications. Scott Spears seconded. All in favor, motion carried.

IDAPA 07.10.01.020.01--Make Locators Eligible for Civil Penalties – The proposal includes locators as stakeholders who could be subject to a civil penalty or discipline for failure to locate or mark underground facilities. As noted, the new definition of “Locator” in rule would mirror the definition in statute.

Bryan Rich, Vice-President of Operations, ELM Utility, provided a brief history of the company, as well as offered facts on what the company would be up against should the rule pass.

Harley Hartman, Senior Vice-President of Operations, ELM Utility, asked the Board to consider reviewing the processes of other states with regard to penalties.

**MOTION:** Jerry Piper made a motion to accept the proposal with changes to the definition. Jeffrey Diehl seconded. All in favor, motion carried.

◆ **Financial Subcommittee**

There have been several discussions of creating a financial subcommittee to work with DBS on managing the finances. A suggestion was for Board Member Nichole Rush to be the chairperson.

**MOTION:** Mark Van Slyke made a motion to approve the financial subcommittee. Jeffrey Diehl seconded. All in favor, motion carried.

Chairman Van Slyke recommended the subcommittee be comprised of three board members. Board Member Maki volunteered, as well as Chairman Van Slyke. Board Member Jerry Piper offered if Board Member Rush does not want to be on the subcommittee.

◆ **Virtual Dirt—Update**

The DIRT Subcommittee recommended the following: 1) Dissolve the subcommittee since the objective has been met, 2) In rule, require DIRT reporting be quarterly with no more than one quarter in the rear, and 3) Refresh communication with cities and counties by outlining requirements to participate in 811 and the damage prevention standards.

**MOTION:** Jeffrey Diehl made a motion to accept the three action items presented by the DIRT Subcommittee. Jeanna Anderson seconded. All in favor, motion carried.

◆ **Education and Training (E&T) Updates**

Training Programs--Update – Jerry Peterson, Energy Program Manager, is working on a one-hour online interactive program as another source of training. Upon completion, the E&T Committee will review the course.

811 Tri-Fold Flyer – The Division has created a flyer for homeowners on the guidelines for safe digging, training, and private lines. Contractors can add their company name/logo to the front of the flyer for distribution to their clients.

Cost for Future Training – A member of the Utility Coordinating Council (UCC) asked the Energy Program Manager to provide direct support to UCC's regional meetings. Although always welcome to do so at no cost, Mr. Peterson asked the Board if this should be part of its budgetary process. At this point, it is not the responsibility of the Board.

2018 Fiscal Year-End Training Report – From February 20, 2018 through June 30, 2018, Mr. Peterson provided 19 training sessions with 535 participants.

Complaint Form Tutorial – The Division has received a multitude of incorrect and/or incomplete complaint forms from contractors against utility companies. To assist in correctly completing the form, a tutorial is available on the Guidelines & Forms page of the Board's website.

Idaho's Guide to Safe Digging Manual – Recently, DBS ordered 5,000 manuals. A Safe Digging Guide Request form is available on the Guidelines & Forms page of the Board's website for anyone wanting ten or more manuals. In addition, the manual is available on the Board's website, and at the Division's satellite offices.

Advertising – Mentioned were the costs of TV/radio advertising with KBOI from June 2018 through January 2019.

E&T Financial – Distributed, and discussed, were spreadsheets for Fiscal Years 2018 and 2019; projecting revenue and expenses on grants, advertising, donations, etc., as it pertains to training and education.

E&T Subcommittee Changes – With the retirement of Linda Phillips, Board Member Maki offered to be on the E&T Subcommittee with Chairman Van Slyke, Vice-Chairman Vaughn Rasmussen, and Board Member Anderson.

◆ **PHMSA Report**

In May 2018, the Chairman received PHMSA’s report, finding Idaho to have inadequate enforcement during the PHMSA evaluation conducted in 2016. A copy of the report was included in the board packet.

◆ **E-TRAKiT System**

Compliance Program Specialist Kohler demonstrated how individuals are able to access complaint information from the Division’s E-TRAKiT system. For ease of locating a complaint, the Compliance Program Specialist is working with the Division’s Webmaster to generate a link on the Board’s website from E-TRAKiT, titled “Search Violations”. DBS will provide supporting documentation on a case to interested parties upon receiving a Public Records Request form, which is on the Division’s website.

◆ **Compliance Report**

Damage Prevention Case Report – Reviewed were the DPB statistics as of July 11, 2018, as well as the NOV Activity by Date report from May 15, 2018 to July 11, 2018.

◆ **Administrator Report**

With the absence of the Administrator, there was no Administrator Report.

◆ **Adjournment**

The Chairman adjourned the meeting at 3:10 p.m. (MDT)

# DAMAGE PREVENTION BOARD

## Agenda Item No. 03

## Election of Officers

**PRESENTER:** Mark Van Slyke, Chairman

---

**OBJECTIVE:** Elect active board members to the positions of chairman and vice-chairman.

---

**ACTION:** Vote for a chairman and vice-chairman.

---

**BACKGROUND:** In accordance with Idaho Code §55-2203(4) "... At the board's first meeting, the members shall elect one (1) of their number to be chairman and one (1) to serve as the vice chairman. The chairman may serve in such capacity for a one (1) year term and may not serve in such capacity for more than two (2) consecutive terms."

Currently, Mark Van Slyke is chairman and Vaughn Rasmussen is vice-Chairman.

This is the second consecutive term for Mr. Van Slyke; therefore, another board member must be elected chairman.

# DAMAGE PREVENTION BOARD

## Agenda Item No. 04      Approve Language for 2019 Proposed Legislation-- Service Laterals--Idaho Code § 55-2202

---

**PRESENTER:**            Spencer Holm, Deputy Attorney General

---

**OBJECTIVE:**            Clarify who is responsible to mark and locate service laterals.

---

**ACTION:**                Affirm or reject the proposed statute change.

---

**BACKGROUND:**        The service laterals legislative proposal that was approved at the last Board meeting and submitted to the Division of Financial Management (DFM) omitted necessary language. In October, DFM will return a proof of the legislative proposal to DBS. With the Board's approval, the proof of the legislative proposal can be amended at that time. The proof will then be submitted to DFM for final consideration by the Idaho Legislature.

55-2202. DEFINITIONS. As used in this chapter:

(1) "Administrator" means the administrator of the division of building safety.

(2) "Board" means the damage prevention board.

(3) "Business day" means any day other than Saturday, Sunday, or a legal, local, state, or federal holiday.

(4) "Damage" means any impact or exposure that results in the substantial weakening of structural or lateral support of an underground facility, or the penetration, impairment, or destruction of any underground protective coating, housing, or other protective device, or the partial or complete destruction of the facility, or the severance, partial or complete, of any underground facility to the extent that the project owner or the affected underground facility owner determines that repairs are required.

(5) "Emergency" means any sudden or unforeseen condition constituting a clear and present danger to life, health or property, or a customer service outage, or the blockage of roads or transportation facilities that requires immediate action.

(6) "End user" means any customer or consumer of any utility service or commodity provided by an underground facility owner.

(7) "Excavation" means any operation in which earth, rock, or other material in the ground is moved or otherwise displaced by any means including, but not limited to, explosives.

~~(78)~~ "Excavator" means any person who engages directly in excavation.

~~(89)~~ "Excavator downtime" means lost time for an excavation project due to failure of one (1) or more stakeholders to comply with applicable damage prevention regulations.

~~(910)~~ "Identified but unlocatable underground facility" means an underground facility which has been identified but cannot be located with reasonable accuracy.

~~(101)~~ "Identified facility" means any underground facility which is indicated in the project plans as being located within the area of proposed excavation.

~~(112)~~ "Locatable underground facility" means an underground facility which can be field-marked with reasonable accuracy.

~~(123)~~ "Marking" means the use of stakes, paint, or other clearly identifiable materials to show the field location of underground facilities, in accordance with the current color code standard of the American public works association. Markings shall include identification letters indicating the specific type of the underground facility.

~~(134)~~ "One-number notification service" means a service through which a person can notify owners of underground facilities and request field-marking of their underground facilities.

~~(145)~~ "Person" means an individual, partnership, association, corporation, a state, a city, a county, or any subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

~~(16)~~ "Public right-of-way" means the area on, below, or above a public roadway, highway, street, lane, path, sidewalk, alley, or other right-of-way dedicated for compatible uses.

~~(157)~~ "Reasonable accuracy" or "reasonably accurate" means location within twenty-four (24) inches horizontally of the outside dimensions of each side of an underground facility.

~~(168)~~ "Rural underground facility owner" means an underground facility owner that is a public utility or a member-owned cooperative that serves fewer than five thousand (5,000)

total customers in a county or counties with populations that do not exceed fifty thousand (50,000) people.

(19) "Service lateral" means any underground water, stormwater, or sewer facility located in a public right-of-way or underground facility easement that connects an end user's building or property to an underground facility owner's main utility line.

(4720) "Stakeholder" means any party with an interest in protecting underground facilities including, but not limited to, persons, property owners, underground facility owners, excavators, contractors, cities, counties, highway districts, railroads, public entities that deliver irrigation water and those engaged in agriculture.

(218) "Underground facility" means any item buried or placed below ground for use in connection with the storage or conveyance of water (unless being delivered primarily for irrigation), sewage, electronic, telephonic or telegraphic communications, cable television, electric energy, petroleum products, gas, gaseous vapors, hazardous liquids, or other substances and including, but not limited to, pipes, sewers, conduits, cables, valves, lines, wires, manholes, attachments, and those parts of poles or anchors below ground.

(22) "Underground facility easement" means a nonpossessory right to operate, control, bury, install, maintain, or access an underground facility.

(4923) "Underground facility owner" means any person who owns or operates an underground facility or who provides any utility service or commodity to an end user.

55-2205. PERMIT COMPLIANCE — NOTICE OF EXCAVATION — RESPONSE TO NOTICE — COMPENSATION FOR FAILURE TO COMPLY — EXEMPTIONS. (1) Before commencing excavation, the excavator shall:

(a) Comply with other applicable law or permit requirements of any public agency issuing permits;

(b) Pre-mark on-site the path of excavation with white paint or, as the circumstances require, other reasonable means that will set out clearly the path of excavation. An excavator need not pre-mark as required in this subsection if:

(i) The underground facility owner or its agent can determine the location of the proposed excavation by street address or lot and block by referring to a locate ticket; or

(ii) The excavator and underground facility owner have had a meeting prior to the beginning of the proposed excavation at the excavation site for the exchange of information required under this subsection.

(c) Provide notice of the scheduled commencement of excavation to all underground facility owners through a one-number notification service. If no one-number notification service is available, notice shall be provided individually to those owners of underground facilities known to have or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated by the excavator to the one-number notification service or, if no one-number notification service is available, to the owners of underground facilities not less than two (2) business days nor more than ten (10) business days before the scheduled date for commencement of excavation, unless otherwise agreed in writing by the parties.

(2) Upon receipt of the notice provided for in this section, the underground facility owner or the owner's agent shall locate and mark its locatable underground facilities by surface-marking the location of the facilities. If there are identified but unlocatable

underground facilities, the owner of such facilities or the owner's agent shall locate and mark the underground facilities in accordance with the best information available to the owner of the underground facilities and with reasonable accuracy as defined in section 55-2202(15), Idaho Code. The owner of the underground facility or the owner's agent providing the information shall respond no later than two (2) business days after the receipt of the notice or before the excavation time set forth in the excavator's notice, at the option of the underground facility owner, unless otherwise agreed in writing by the parties. Excavators shall not excavate until all known facilities have been marked. Once marked by the owner of the underground facility, or the owner's agent, the excavator is responsible for maintaining the markings. Unless otherwise agreed in writing by the parties, maintained markings shall be valid for purposes of the notified excavation for a period of no longer than three (3) consecutive weeks following the date of notification so long as it is reasonably apparent that site conditions have not changed so substantially as to invalidate the markings. If excavation has not commenced within three (3) weeks from the original notice to underground facility owners through the one-number notification service, the excavator shall reinitiate notice in accordance with this section.

(a) Excavators shall have the right to receive compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this chapter.

(b) The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two (2) business days prior to the excavation except for notices given for discovered facilities after the owner has identified facilities.

(3) An ~~End users~~ shall not be required to locate or mark any service lateral. An Underground facility owners who provides any utility service or commodity via a service lateral shall locate and mark the service laterals in accordance with section 55-2205(2), Idaho Code.

(4) Emergency excavations are exempt from the time requirements for notification provided in this section.

(45) If the excavator, while performing the excavation, discovers underground facilities (whether active or abandoned) which are not identified or were not located with reasonable accuracy, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number notification service. The excavator shall have the right to receive compensation from the underground facility owner for standby cost (based on standby rates made publicly available) incurred as a result of waiting for the underground facility owner or the owner's agent to arrive at the work site to identify the unidentified facilities and provided that if the underground facility owner or the owner's agent supplies reasonably accurate locate information within eight (8) hours of the time that the excavator notifies the underground facility owner of facilities not previously located, the excavator's compensation for delay of the excavation project shall be limited to actual costs or two thousand dollars (\$2,000), whichever is less.

55-2206. ONE-NUMBER NOTIFICATION SERVICE — ESTABLISHMENT — PARTICIPATION REQUIRED — FUNDING. Two (2) or more persons who own or operate underground facilities in a county may voluntarily establish or contract with a third person to provide a one-number notification service to maintain information concerning underground

facilities within a county. Upon the establishment of the first such one-number notification service, all others operating and maintaining underground facilities within said county shall participate and cooperate with the service, and no duplicative service shall be established pursuant to this chapter. The activities of the one-number locator service shall be funded by all of the underground facility owner/s or operators required by the provisions of this section to participate in and cooperate with the service. All underground facility owner/s or operators who are required to participate in a one-number notification service are subject to the jurisdiction of the damage prevention board established in section 55-2203, Idaho Code.
