

DIVISION OF BUILDING SAFETY

IDAHO ELECTRICAL BOARD  
VIDEOCONFERENCE MEETING

JULY 23, 2015

# IDAHO ELECTRICAL BOARD

## Agenda Item No. 01

## Agenda

**PRESENTER:** Bob Scott, Chairman

---

**OBJECTIVE:** Approve agenda for the July 23, 2015 Idaho Electrical Board meeting.

---

**ACTION:** Consent

---

**BACKGROUND:**

---

**PROCEDURAL  
HISTORY:**

---

**ATTACHMENTS:** Tentative agenda

---

## **TENTATIVE AGENDA**

### **NOTICE OF PUBLIC MEETING**

#### **IDAHO ELECTRICAL BOARD VIDEOCONFERENCE MEETING**

**Division of Building Safety  
1090 E. Watertower St., Ste. 150, Meridian  
1250 Ironwood Dr., Ste. 220, Coeur d'Alene  
2055 Garrett Wy., Bldg. 1, Ste. 4, Pocatello  
1118 F St., Lewiston (DEQ)  
650 Addison Ave. W., Ste. 110, Twin Falls (DEQ)  
900 N. Skyline, Ste. B, Idaho Falls (DEQ)  
dbs.idaho.gov - (208) 332-7137**

***Thursday, July 23, 2015  
9:30 a.m. - 3:30 p.m. (MT)***

*(Note: North Idaho - Meeting Commences @ 8:30 a.m. PT)*

---

**9:30 a.m. CALL TO ORDER** - Bob Scott, Chairman

- Roll Call & Introductions
  - Recognition - Al Frieze, Board Member
  - Welcome - Joe Harbacheck, new Board Member
- Open Forum
  - City and County Concerns

**CONSENT AGENDA**

1. Approval of the July 23, 2015 Agenda
2. Approval of the April 23, 2015 Board Meeting Minutes

**ACTION AGENDA**

3. Idaho Statute 54-1009 Revocations or Suspension of Licenses -- Hearings -- Taking Testimony - Steve Keys

**INFORMATIONAL AGENDA**

4. Permit Fees - Solar Cascade Company
5. Program Manager Report - Mick Williams
6. Operational Report - Steve Keys
7. Administrator Report - C. Kelly Pearce
  - a. Financial Report - Fred Sisneros

**3:30 p.m. ADJOURN**

*All times, other than beginning, are approximate and are scheduled according to Mountain Time (MT), unless otherwise noted. Agenda items may shift depending on Board preference. 07/06/2015r*

# IDAHO ELECTRICAL BOARD

**Agenda Item No. 02**

**Minutes**

**PRESENTER:** Bob Scott, Chairman

---

**OBJECTIVE:** Approve minutes from the April 23, 2015 Idaho Electrical Board meeting.

---

**ACTION:** Consent

---

**IDAHO ELECTRICAL BOARD  
VIDEOCONFERENCE MEETING**

**Thursday – April 23, 2015 – 9:30 a.m. (MT)**

**Division of Building Safety  
1090 East Watertower Street, Suite 150, Meridian  
1250 Ironwood Drive, Suite 220, Coeur d'Alene  
2055 Garrett Way, Building 1, Suite 4, Pocatello  
1118 F Street, Lewiston (DEQ)  
650 Addison Avenue West, Suite 110, Twin Falls (DEQ)**

**\*DRAFT MINUTES OF THE APRIL 23, 2015 MEETING**

NOTE: The following report is not a verbatim transcript of the discussions at the meeting;  
however, is intended to record the significant features of those discussions.

Chairman Bob Scott called the meeting to order at 9:30 a.m. (MT).

**Board Members Present:**

Bob Scott, Chairman  
Jeff Wheeler, Vice-Chairman  
Dale Pippitt  
Denis Duman  
Mark LaBolle  
Al Frieze  
Allan Perman  
Rick Stark  
Greg Eagy

**DBS Staff Members Present:**

C. Kelly Pearce, Administrator  
Steve Keys, Deputy Administrator-Operations  
Ron Whitney, Deputy Administrator-Administration  
Patrick Grace, Deputy Attorney General  
Bill Hatch, Public Information Officer  
Fred Sisneros, Financial Manager  
Mick Williams, Electrical Program Manager  
Larry Jeffres, Regional Manager, Region 1  
Terry Blessing, Compliance Program Manager  
Gary Sonnen, Regional Supervisor, Region 1  
Kevin Gellings, Regional Supervisor, Region 2  
Renee Bryant, Administrative Assistant 2/Board Secretary

◆ **Open Forum**

City and County Concerns – Raub Owens, City of Twin Falls Inspector, inquired about the new statute with regard to certification of electrical equipment. The Deputy Administrator-Operations addressed this issue under the *Operational Report*.

Arc Reduction Maintenance Switch – Jim Tanner, Representative for EWSOC, Inc., stated out-of-state manufacturers are requiring arc reduction maintenance switches to be installed on equipment with 1200 amp breakers or larger. The question was whether arc switches will be enforced/inspected in the future, and if not, is the added expense necessary for the end-user.

To be in line with NFPA 70E, the new code requires arc reduction equipment to be installed in certain instances. The Division is in the process of working with inspectors to become aware of the issue, as well as how to determine the best way to inspect/enforce the equipment since it is not something you can just look at and see if it does or doesn't work.

Open House – Marc Swinney, College of Western Idaho (CWI) Director of Business & Manufacturing Programs, invited everyone to an open house this evening from 5-7 p.m. at the CWI's Canyon County Center in Nampa.

Job Opening – The CWI is looking for a quality part-time electrical teacher who is a proponent of the trade. If interested, apply at [cwidaho.cc](http://cwidaho.cc).

Electrical License – Jeff Neel requested the Board override the Division's decision and allow him to retake the electrical journeyman exam. After a brief discussion, the chairman deferred Mr. Neel's issue for further discussion under the topic *Apprentice License Renewal*.

◆ **Approval of the April 23, 2015 Agenda**

MOTION: Mark LaBolle made a motion to approve the agenda as presented. Allan Perman seconded. All in favor, motion carried.

◆ **Approval of the January 22, 2015 Board Meeting Minutes**

MOTION: Dale Pippitt made a motion to approve the minutes as written. Al Frieze seconded. All in favor, motion carried.

◆ **Election of Officers**

Idaho Code §54-1006(4) "Idaho Electrical Board" states in part, "The members of the board shall, at their first regular meeting following the effective date of this act and every two (2) years thereafter, elect by majority vote of the members of the board, a chairman ... and a vice-chairman ...".

Chairman

MOTION: Mark LaBolle made a motion to reappoint Bob Scott as chairman. Allan Perman seconded. All in favor, motion carried.

Vice-Chairman

MOTION: Denis Duman made a motion to reappoint Jeff Wheeler as vice-chairman. All in favor, motion carried.

◆ **Apprentice License Renewal**

Electrical Journeyman License – Jeff Neel stated he was issued an Idaho electrical journeyman license in 1996 but moved to another state and let it expire. Recently, Mr. Neel applied to retake the electrical journeyman exam; however, his application was denied due to the lack of verifiable documentation.

Further information was provided by Mr. Neel at this meeting. To be approved to take the exam, the chairman advised the licensing supervisor verify Mr. Neel's schooling hours and for Mr. Neel to get his work hours notarized by his previous employer(s).

Apprentice License Renewal – The issue in the board packet with regard to a "lifetime" apprentice was resolved prior to the meeting.

Idaho Code § 54-1003A(3) *Apprentice Electrician* states, "Any person who, for the purpose of learning the trade of journeyman electrician, engages in the installation of electric wiring,

equipment, or apparatus while under the constant on-the-job supervision of a qualified journeyman electrician shall, for the purpose of this act, be known as an apprentice electrician.”

The Board upheld its original decision to require apprentices to provide proof of completing two years of consecutive schooling to renew, one time only, their five-year apprentice registration.

**MOTION:** Denis Duman made a motion for the apprentice rules to remain status quo. Al Frieze seconded. All in favor, motion carried.

◆ **Specialty Electrical License**

Dale Farnworth, owner of CS Techs, Inc., has worked in the refrigeration industry for 40 years. His employees, including himself, have HVAC licenses. In accordance to statute, specifically refrigeration, a specialty electrical license is required. Mr. Farnworth is eligible to take the specialty electrical journeyman license exam; however, does not qualify for the specialty electrical contractor license.

After a brief discussion, the Deputy Administrator-Operations offered to reexamine Mr. Farnworth’s experience in the refrigeration trade; verifying he has the appropriate documentation to take the exam and receive an electrical specialty contractor license.

**ACTION:** The DBS will review Mr. Farnworth’s experience in the refrigeration trade to determine if he qualifies for an electrical specialty contractor license.

◆ **Idaho Statute 54-1009 Revocations or Suspension of Licenses--Hearings--Taking Testimony**

This topic has been addressed at the last couple of meetings. The proposal, included in the packet, moves the responsibility for disciplinary action to individuals/companies from the Administrator to the Board.

The Deputy Administrator-Operations offered, and the Board agreed, for the draft proposal to be brought back to the July meeting for further action.

**ACTION:** The topic *Idaho Statute 54-1009 Revocations or Suspension of Licenses--Hearings--Taking Testimony* will be placed on the July 23, 2015 agenda as an action item.

◆ **Minimum Height Standards for Electrical Panels**

The Electrical Program Manager received documentation from a DBS electrical inspector addressing his concern that electrical panels are being installed in unreasonable areas and have the potential of property damage or loss of life.

The minimum height standard is in the National Fire Protection Agency (NFPA) 70 of the National Electrical Code (NEC). The inspector will submit his concern to the NEC; however, requested the Board consider a state rule to create a minimum of 24” to the bottom of the enclosure in every outdoor installation.

It was agreed this issue should be addressed at the national level rather than the state level.

◆ **Program Manager Report**

Meetings – Approximately three times a year the Division provides a statewide inspector meeting via teleconference. The intent of the meetings is code interpretation issues. The next meeting is scheduled for April 29th.

Training – In June or July the Division will provide training on code interpretation to contractors statewide.

Committee – The Electrical Program Manager has been chosen to serve on an examination committee with the National Association of State Contractors Licensing Authorities. The committee will create a national journeyman exam.

Journeyman First Exam Attempts Report – The Journeyman First Exam Attempts Report, January 2015 through March 2015, was reviewed.

For future meetings, the Chairman suggested the Division provide statistics from the previous 12 months rather than the current calendar year.

**ACTION:** At the July 2015 Board meeting, the Division will provide the previous 12 month statistics on the Journeyman First Exam Attempts Report.

Notice of Violations (NOV) Report – The NOV Report, January 1, 2015 through April 1, 2015, was reviewed.

Verification Permit Report – The Verification Permit Report, January 1, 2015 through April 1, 2015, was reviewed.

◆ **Operational Report**

Legislation – The following proposed bills were presented to the 2015 legislature:

- **Elevator Mechanics License** – The elevator industry once again brought back a bill to the 2015 legislative session for licensure of elevator mechanics in the state of Idaho. This could potentially impact the electrical industry, as part of the elevator industry’s statute would stipulate an elevator mechanic is the only person who can work on electrical equipment on the other side of the elevator control. Currently, the electrical statute states a journeyman and/or master electrician can do any electrical work in the state of Idaho. The bill did not pass and from all indications will be presented at the 2016 session.
- **Dig Line** – The dig line bill did not pass this legislative session; however, will most likely be presented at the 2016 legislative session.
- **Electrical Equipment (H0238)** – This bill amends the existing law to provide an exemption for industrial equipment. It passed the House and Senate and will become effective July 1, 2015.

In the bill, the term “equipment” is used to describe industrial equipment when the proper term should be “machinery”; correlating with everything in the code. This has been discussed with the sponsor of the bill, and everyone involved agree it means the same thing.

◆ **Supervision**

The Division has made changes with regard to its regional supervisors. Rather than one supervisor in each region to oversee electrical, HVAC and plumbing inspectors, there are two; one electrical and one HVAC/plumbing supervisor.

◆ **Administrator Report**

Financial Report – The Electrical Board Fund, FY 2015 financial statement as of March 31, 2015, was reviewed.

Dedicated Funds – The Industrial Commission, much like DBS, is managed by dedicated funds. The 2015 legislature appropriated in excess of \$3,000,000 from the Industrial Commission to operate a Workforce Development program through the Department of Labor. The Governor vetoed the appropriation.

Compliance – DBS employee Terry Blessing has accepted the position of program manager with the Division’s new statewide compliance program.

City of Ketchum – The Deputy Administrator-Administration provided an update on construction in the city of Ketchum; specifically two major hotel projects.

Dashboard & Electronic Registration – The Division’s IT staff is working with its programmer, CRW, to provide electronic registration on e-TRAKiT. It is estimated it will take nine months to write the program.

National Construction Authority – For two weeks in March/April, the DBS hosted delegates with the National Construction Authority (NCA) from Kenya. The mission of the NCA is to regulate and coordinate the construction industry for sustainable social and economic development.

◆ **Adjournment**

**MOTION:** Mark LaBolle made a motion to adjourn the meeting. Jeff Wheeler seconded. All in favor, motion carried.

The meeting adjourned at 12:35 p.m. (MT).

# IDAHO ELECTRICAL BOARD

## Agenda Item No. 03 Idaho Statute 54-1009 Revocations or Suspension of Licenses -- Hearings -- Taking Testimony

---

**PRESENTER:** Steve Keys, Deputy Administrator-Operations

---

**OBJECTIVE:** Authorize the Electrical Board to suspend or refuse to renew a certificate of competency, as well as impose civil penalties.

---

**ACTION:** Vote to accept or deny the proposed statute change.

---

**BACKGROUND:** This topic was originally addressed in 2014. The primary change would be to transfer the responsibility for levying civil penalties and disciplinary matters from the Administrator to the Board.

---

**ATTACHMENTS:** Idaho Code 54 Chapter 10 and Electrical Civil Penalty Default Schedule

---

**TITLE 54. PROFESSIONS, VOCATIONS, AND BUSINESSES  
CHAPTER 10. ELECTRICAL CONTRACTORS AND JOURNEYMEN**

**§ 54-1001. Declaration of policy**

From and after the taking effect of this act, all installations in the state of Idaho of wires and equipment to convey electric current and installations of apparatus to be operated by such current, except as hereinafter provided, shall be made substantially in accord with the National Electrical Code of 1971, as approved by the American Standards Institute, relating to such work as far as the same cover both fire and personal injury hazards, and as the National Electrical Code shall be amended, revised, compiled and published from time to time and as such amendments or revisions are adopted by the Idaho electrical board.

**§ 54-1001B. Inspection provisions inapplicable when installation covered by municipal ordinance**

The provisions of this act relating to state inspection, except as provided in section 54-1001C, shall not apply within the corporate limits of incorporated cities and villages which, by ordinance or building code, prescribe the manner in which wires or equipment to convey current and apparatus to be operated by such current shall be installed, provided that the provisions of the National Electrical Code are used as the minimum standard in the preparation of such ordinances or building codes and provided that actual inspections are made.

**§ 54-1001C. Inspections within municipalities -- When authorized**

The administrator of the division of building safety may make electrical inspections within any city upon written request from the mayor or manager of such city. Such inspections shall be made in accordance with the local ordinance or building code. Service of the inspector shall be furnished at cost, such cost to be paid monthly to the administrator by the city requesting inspection service.

**§ 54-1001D. Inspections of modular buildings - When authorized - Approval and certification**

(1) Notwithstanding the exemption provided in subsection (1)(c) of section 54-1016, Idaho Code, the administrator of the division of building safety may make electrical inspections of any modular building upon written request from the manufacturer.

(a) Inspections shall be made in accordance with the codes adopted in this chapter.

(b) Inspection fees shall be as provided in section 39-4303, Idaho Code.

(c) The administrator may issue inspection tags for inspections if the buildings are in compliance with the codes adopted in this chapter

(2) The administrator of the division of building safety is hereby authorized to make inspections of electrical installations as set forth herein and to issue inspection tags covering such installations.

**§ 54-1002. License essential to engage in business -- Licensure authority exclusive to the state**

(1) It shall be unlawful for any person, partnership, company, firm, association or corporation, to act, or attempt to act, as an electrical contractor or special electrical contractor in this state until such person, partnership, company, firm, association or corporation, shall have received a license as an electrical contractor, as herein defined, issued pursuant to the provisions of this chapter by the administrator of the division of building safety.

(2) It shall be unlawful for any person to act as a journeyman electrician in this state until such person shall have received a license as a journeyman electrician, as herein defined, issued pursuant to the provisions of this act, by the administrator of the division of building safety, provided, however, that any person who has been issued a master electrician's license pursuant to this chapter may act as a journeyman electrician.

(3) It shall be unlawful for any person to act as a specialty electrician in this state until such person shall have received a license as a specialty electrician, as herein defined, issued pursuant to the provisions of this act, by the administrator of the division of building safety, provided however, that any person who has been issued a master electrician's license or a journeyman electrician's license pursuant to this act may act as a specialty electrician.

(4) Licensure of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors and registration of apprentice electricians shall be within the exclusive jurisdiction of the state pursuant to this chapter and no local jurisdiction shall have the authority to require additional licensure or to require payment of any fees in order for any licensee to engage in the electrical construction trade within the local jurisdiction or to issue licenses to persons licensed under this chapter which are inconsistent with the provisions of this chapter or rules promulgated by the division of building safety. The state shall investigate all local infractions and state violations of this chapter and prosecute the same. The local jurisdictions will assist the state by requesting investigations within their jurisdictions. Nothing in this chapter shall restrict a city or county from imposing stricter public safety rules, notwithstanding any provision of Idaho Code.

**§ 54-1003. Administrator authority**

(1) Only the administrator of the division of building safety of the state of Idaho is authorized and empowered to conduct examinations and to pass upon the qualifications of applicants, and to grant and issue licenses or registrations to such applicants as are found to be qualified to engage in the trade, business or calling of a journeyman electrician, electrical contractor, master electrician, specialty electrician, specialty electrical contractor, specialty electrical trainee or apprentice electrician in the manner and upon the terms and conditions hereinafter provided.

(2) No licenses granted hereunder shall be transferable. Licenses shall be issued upon the condition that the holder thereof shall comply with all provisions of this chapter.

~~(3) The administrator of the division of building safety is authorized to impose civil penalties as provided in this chapter.~~

**§ 54-1003A. Definitions**

(1) Electrical Contractor. Except as provided in section 54-1016, Idaho Code, any person, partnership, company, firm, association or corporation engaging in, conducting, or carrying on the business of installing wires or equipment to carry electric current or installing apparatus to be operated by such current, or entering into agreements to install such wires, equipment or apparatus, shall for the purpose of this act be known as an electrical contractor. An electrical contractor, prior to being issued a license, shall be required to provide proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) and proof of worker's compensation insurance if applicable.

(2) Journeyman Electrician. Except as provided in section 54-1016, Idaho Code, and subsections (3), (4), (5) and (6) of this section, any person who personally performs or supervises the actual physical work of installing electric wiring or equipment to convey electric current, or apparatus to be operated by such current, shall, for the purpose of this act, be known as a journeyman electrician.

(3) Apprentice Electrician. Any person who, for the purpose of learning the trade of journeyman electrician, engages in the installation of electric wiring, equipment, or apparatus while under the constant on-the-job supervision of a qualified journeyman electrician shall, for the purpose of this act, be known as an apprentice electrician.

(4) Maintenance Electrician. Any person who is regularly employed to service, maintain or repair electrical apparatus, or to make minor repairs or alterations to existing electrical wires or equipment located on his employer's premises shall, for the purpose of this act, be known as a maintenance electrician.

(5) Master Electrician. A person who has the necessary qualifications, training, experience and technical knowledge to plan, layout or design the installation of electrical wiring or equipment, or to supervise such planning, layout, or design, and who performs or supervises such planning, layout or design, shall, for the purpose of this act, be known as a master electrician.

(6) Specialty Electrician. A person having the necessary qualifications, training, experience and technical knowledge to install, alter, repair and supervise the installing, altering or repairing of special classes of electrical wiring, apparatus or equipment within categories adopted by the board. Specialty electricians shall perform work only within the scope of the specialty category for which the person is licensed.

(7) Specialty Electrical Contractor. Except as provided in section 54-1016, Idaho Code, any person, partnership, company, firm, association or corporation engaging in, conducting or carrying on the business of installing, altering or repairing special classes of electrical wiring, apparatus or equipment within categories adopted by the board or entering into agreements to perform such specialty work, shall for the purpose of this act be known as a specialty electrical contractor. Specialty electrical contractors shall perform work only within the scope of the specialty category for which the contractor is licensed. A specialty electrical contractor, prior to being issued a license, shall be required to provide proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) and proof of worker's compensation insurance if applicable.

(8) Specialty Electrical Trainee. Any person who, for the purpose of learning the trade of a specialty electrician, engages in the installation of electrical wiring, equipment or apparatus while under the constant on-the-job supervision of a qualified specialty electrician shall, for the purpose of this act, be known as a specialty electrical trainee.

**§ 54-1004. Inspection of electrical installations -- Notice of defects -- Disconnecting electrical service**

The administrator of the division of building safety may, during reasonable hours, inspect, reinspect or test any electrical installation coming under the provisions of this act. If, upon inspection, any electrical installation is found to be not in conformity with the provisions of this act, the person, partnership, company, firm, association or corporation making such installation shall immediately be notified, in writing. The notice shall clearly indicate any and all defects to be corrected and specify a definite period of time during which such corrections shall be made. The administrator may cut or disconnect any wire in cases of emergency where necessary for safety of life or property, or order the disconnection of electrical service to any electrical installation, coming under the provisions of this act, when such installation is found to be dangerous to life or property.

**§ 54-1005. Rules -- Inspections -- Inspection tags and fees**

(1) The administrator of the division of building safety is hereby authorized and directed to enforce rules consistent with this act for the administration of this act and to effectuate the purposes thereof, and for the examination and licensing of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors, specialty electrical trainees and apprentice electricians, and to make inspections of electrical installations referred to in section 54-1001, Idaho Code, and to issue inspection tags covering such installations, and to collect the fees established therefor.

(2) The administrator of the division of building safety may make electrical inspections for another state or local jurisdiction upon request by an appropriate building official. Such inspections shall be made in accordance with the applicable electrical codes of the requesting jurisdiction. Fees charged for such inspection services shall be as provided in the rules promulgated by the board.

(3) Individuals, firms, cooperatives, corporations, or municipalities selling electricity, hereinafter known as the power supplier, shall not connect with or energize any electrical installation, coming under the provisions of this act, unless the owner or a licensed electrical contractor has delivered to the power supplier an inspection tag, issued by the administrator, covering the installation to be energized. Immediately after an installation has been energized, the power supplier shall deliver to the administrator or his authorized agent, the inspection tag covering such installation.

(4) It shall be unlawful for any person, partnership, company, firm, association or corporation other than a power supplier, to energize any electrical installation coming under the provisions of this act unless an application for an electrical inspection tag, covering such installation, together with the inspection fee herein provided, has been forwarded to the administrator.

**§ 54-1006. Idaho electrical board**

(1) The Idaho electrical board, hereinafter known as the board, is hereby created and made a part of the division of building safety. It shall be the responsibility and duty of the administrator of the division of building safety to administer and enforce the provisions of this act, and to serve as secretary to the Idaho electrical board.

(2) The board shall consist of nine (9) members to be appointed by the governor

with power of removal for cause. Two (2) members shall be licensed journeymen or master electricians; two (2) members shall be employees or officers of licensed electrical contractors; one (1) member shall be a licensed specialty journeyman or contractor; one (1) member shall be an employee or officer of an electrical power provider; one (1) member shall be an employee or officer of a manufacturing plant or other large power user; one (1) member shall be an employee or director of a manufacturer or distributor of electrical supplies or materials; and one (1) member shall be from the public at large not directly associated with the electrical industry. Board members shall be appointed for a term of four (4) years. Members of the board shall hold office until expiration of the term to which the member was appointed and until his successor has been duly appointed and qualified. Whenever a vacancy occurs, the governor shall appoint a qualified person to fill the vacancy for the unexpired portion of the term.

(3) All members of the board shall be citizens of the United States, residents of this state for not less than two (2) years and shall be qualified by experience, knowledge and integrity in formulating rules for examinations, in passing on the fitness and qualifications of applicants for electrical contractor and journeyman electrician licenses and in establishing standards for electrical products to be used in electrical installations coming under the provisions of this act.

(4) The members of the board shall, at their first regular meeting following the effective date of this act and every two (2) years thereafter, elect by majority vote of the members of the board, a chairman who shall preside at meetings of the board and a vice chairman who shall preside at any board meeting in the event the chairman is not present. A majority of the members of the board shall constitute a quorum.

(5) The board is authorized and directed to prescribe and amend rules consistent with this act for the administration of this chapter and to effectuate the purpose thereof, and for the examination and licensing of electrical contractors, journeyman electricians, master electricians, specialty electricians, specialty electrical contractors, specialty electrical trainees and apprentice electricians. The board shall also establish the classifications for specialty electrician and specialty electrical contractor licensing and the fees to be charged for permits and inspections of electrical systems. **The board is authorized to impose civil penalties for violations of this chapter and rules of the Idaho electrical board, and** shall establish by administrative rule the fines to be paid for ~~citation-~~ **civil penalties** issued; **however, in no case shall the penalty exceed one thousand dollars (\$1000) for each offense.** ~~and shall hear appeals~~ **The board is authorized to conduct contested cases** regarding the imposition of civil penalties. **The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.** ~~for violations of this chapter and the rules of the Idaho electrical board. The board is authorized to affirm, reject, decrease or increase the penalty imposed by the administrator. However, in no case shall the penalty exceed one thousand dollars (\$ 1,000) for each offense.~~

(6) Each member of the board not otherwise compensated by public moneys shall be compensated as provided by section 59-509(n), Idaho Code.

**§ 54-1007. Issuance of licenses -- Reciprocity**

(1) The administrator shall issue licenses to such persons as have by examination shown themselves to be fit, competent and qualified to engage in the trade of jour-

neyman electrician, specialty electrician or master electrician as defined in section 54-1003A, Idaho Code, and to such persons, firms, partnerships, associations or corporations as have shown themselves to be fit, competent and qualified to engage in the business of electrical contracting or specialty electrical contracting as defined in section 54-1003A, Idaho Code.

(2) An apprentice electrician, as defined in section 54-1003A, Idaho Code, may take the journeyman's examination if he has completed the required related instruction for electrical apprentices as approved by the Idaho state board for professional-technical education, completion of which shall be evidenced by a certificate from an approved provider, and has worked the number of hours as prescribed by the Idaho electrical board, provided that for all the time he is claiming to have worked as an apprentice electrician, the apprentice shall have been registered with the division of building safety as an apprentice. The electrical board may, by rule, fix the apprentice registration fee, in an amount not to exceed the costs of issuing apprentice registration certificates and enforcing the apprentice registration provisions of this chapter, and may also by rule establish requirements relative to the manner of registration renewal, verification of employment, the number of instructional hours completed, continuation training and the number of hours worked.

(a) All verification of employment forms submitted by an apprentice shall be entered into and maintained in the apprentice's file by the division of building safety. The division of building safety shall provide the apprentice online access to this information.

(b) An apprentice who has completed the number of instructional hours and has not taken or passed the journeyman's examination within two (2) years of completion of the instructional training hours, shall provide proof of continuation training as set by rule of the electrical board.

(c) An apprentice who has not advanced in apprenticeship training for a period of two (2) years shall complete continuation training as set by rule of the electrical board.

(3) Any person who has worked as a licensed journeyman for a period of not less than four (4) years and who has worked the number of hours as prescribed by rule of the board as a licensed journeyman electrician shall be considered as qualified to apply for a master electrician's license in this state. The Idaho electrical board, in establishing by rule the requirements for a master electrician's license, shall also take into account the applicant's performance as a journeyman electrician.

(4) Any person with out-of-state experience who has worked as a journeyman electrician or as an apprentice electrician for a period of four (4) years, and who has met such other requirements as established by rule of the board, shall be considered as qualified to apply for a journeyman electrician's license in this state.

(5) To the extent that other states which provide for the licensing of electricians provide for similar action, the administrator, on the recommendation of the Idaho electrical board, may grant licenses to electricians licensed by such other states, upon payment by the applicant of the required fee and upon furnishing proof to the board that the applicant has qualifications at least equal to those provided herein for applicants for written examinations. Applicants who qualify for a license under this subsection are not required to take a written examination.

**§ 54-1008. Duration of license**

(1) All licenses, including license renewals, for master electricians, journeyman electricians and specialty journeyman electricians shall issue for a period of three (3) years, and shall expire three (3) years from the date of issue unless renewed, revoked or suspended.

(2) Electrical contractor and specialty electrical contractor licenses issued after July 1, 2002, shall issue for a period of one (1) year, and shall expire one (1) year from the date of issue unless renewed, revoked or suspended.

(3) Electrical apprentice registration issued or renewed after July 1, 2009 shall be issued for a period of five (5) years.

(4) Electrical specialty trainee registrations issued or renewed after July 1, 2009, shall be issued for a period of three (3) years.

(5) Each licensing period and each registration period shall end at midnight on the last day of the month of the licensing or registration period. Licenses and registrations not renewed by this date shall have expired.

(6) The board shall promulgate rules to provide for a staggered system of issuing and renewing licenses.

**§ 54-1009. Revocation or suspension of licenses -- Hearings -- Taking testimony**

(1) The ~~administrator~~ **electrical board** shall have power to revoke or suspend any license if the same was obtained through error or fraud, or if the holder thereof is shown to be grossly incompetent, or has willfully violated any of the rules prescribed by the board, or as prescribed in this chapter; or has, after due notice, failed or refused to correct, within the specified time, any electrical installation not in compliance with the provisions of this chapter, or has failed to pay within the time provided, civil penalties which have become final by operation of law.

(2) The ~~administrator~~ **electrical board** shall have the power to revoke or suspend any electrical contractor or electrical specialty contractor license if, at any time during the term of active contractor or specialty contractor licensure, the licensee failed to maintain required liability insurance or applicable worker's compensation insurance.

(3) Before any license shall be revoked or suspended, the holder thereof shall have written notice enumerating the charges against him, and shall be given **an opportunity for a hearing by said administrator the board**, and have an opportunity to produce testimony in his behalf, at a time and place specified in said notice, which time shall not be less than five (5) days after the service thereof.

(a) The proceedings shall be governed by the provisions of chapter 52, title 67, Idaho Code.

(b) Any party aggrieved by the action of the ~~administrator~~ **electrical board** shall be entitled to judicial review thereof in accordance with the provisions of chapter 52, title 67, Idaho Code.

(4) The ~~administrator~~ **electrical board** shall have the power to appoint, by an order in writing, a hearing officer to take testimony, who shall have power to administer oaths, issue subpoenas and compel the attendance of witnesses, and the decision of the administrator shall be based on his examination of the testimony taken and the records produced. Any person whose license has been revoked may, after the expiration of one (1) year from the date of such revocation, but not before, apply for a new license.

**§ 54-1010. Installations by electrical contractor performed by licensed journeyman -- Prior certificate holders entitled to license -- List of electricians in contractor's employ**

(1) On and after July 1, 1961, any electrical contractor who works as a journeyman electrician, as herein defined, shall be required to have a journeyman electrician's license issued under the provisions of this act. All installations of electrical wiring, equipment or apparatus made by an electrical contractor shall be done by or under the direct supervision of a licensed journeyman electrician.

(2) The individual owner of an electrical contracting business may act as his own journeyman electrician provided that he has complied with the provisions of section 54-1002, Idaho Code, pertaining to journeyman electrician. Each electrical contractor in this state shall, upon request of the administrator, or his authorized agent, furnish a list of journeyman electricians in said electrical contractor's employ.

(3) From and after July 1, 1986, any individual working as an apprentice electrician, as defined in this act, must be registered with the division of building safety, as an apprentice electrician, as provided in section 54-1007, Idaho Code; and it shall be unlawful for an individual to work as an apprentice electrician without possessing a current apprentice registration certificate.

(4) On and after July 1, 1999, any individual working as a specialty electrical trainee, as defined in this chapter, must be registered with the division of building safety, as a specialty electrical trainee. It shall be unlawful for an individual to work as a specialty electrical trainee without possessing a current registration certificate.

**§ 54-1013. Renewal of licenses or registrations -- Inactive licenses**

(1) A license or registration once issued under this chapter, unless revoked or suspended as herein provided, may be renewed at any time during the final month of the licensing period on the payment of the renewal fee herein specified, proof of satisfaction of applicable continuing education requirements as established by the electrical board, proof of satisfaction of applicable apprentice and specialty trainee instruction and work requirements as established by the electrical board, and provided that all outstanding civil penalties, and permit or other fees, have been paid in full, and all outstanding correction notices have been satisfactorily resolved. For electrical contractors and specialty electrical contractors, proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) shall also be required, and proof of worker's compensation insurance shall be required if applicable.

(2) Any license which has expired may be revived at any time within one (1) year from the last day of the final month of the licensing period, by payment of the revival fee herein specified, together with all outstanding civil penalties, and permit or other fees and penalties, and upon proof that outstanding correction notices have been satisfactorily resolved. For electrical contractors and specialty electrical contractors, proof of liability insurance in the amount of three hundred thousand dollars (\$ 300,000) shall also be required, and proof of worker's compensation insurance shall be required if applicable.

(3) Certificates of competency issued prior to July 1, 1961, shall, for the purpose of this chapter, be considered as licenses and may be renewed or revived as herein provided.

(4) The administrator may renew, on an inactive basis, the license of an electrical contractor or specialty contractor who is not engaged in electrical contracting in this state. The board shall fix and collect an inactive license fee for such an inactive license renewal in an amount not to exceed one hundred fifty dollars (\$ 150). Each inactive license shall be issued for a period of one (1) year. An electrical contractor or specialty contractor holding an inactive license may not engage in the practice of electrical contracting or specialty contracting in this state. If an electrical contractor or specialty contractor wishes to convert his inactive license to an active license, he may do so by paying a processing fee of thirty dollars (\$ 30.00) and providing proof of the required liability insurance and applicable worker's compensation insurance.

**§ 54-1014. Fees**

The administrator of the division of building safety shall charge the following fees:

- (1) Application for license \$15.00
- (2) One-year licenses:
  - (a) Electrical contractor license \$125.00
  - (b) Electrical contractor license renewal \$100.00
  - (c) Electrical contractor license revival \$125.00
  - (d) Specialty contractor license \$125.00
  - (e) Specialty contractor license renewal \$100.00
  - (f) Specialty contractor license revival \$125.00
- (3) Three-year licenses, in accordance with sections 54-1008 and 54-1013, Idaho Code:
  - (a) Master electrician license \$65.00
  - (b) Master electrician license renewal \$45.00
  - (c) Master electrician license revival \$55.00
  - (d) Journeyman electrician license \$55.00
  - (e) Journeyman electrician license renewal \$45.00
  - (f) Journeyman electrician license revival \$55.00
  - (g) Specialty journeyman electrician license \$55.00
  - (h) Specialty journeyman electrician license renewal \$45.00
  - (i) Specialty journeyman electrician license revival \$55.00
  - (j) Specialty trainee registration and working license \$30.00

(i) At the time the specialty trainee applies for a specialty journeyman electrician license, the pro rata value of any remaining time on a specialty trainee working license shall be credited toward the purchase of the specialty journeyman electrician license.

(4) Five-year licenses, in accordance with sections 54-1008 and 54-1013, Idaho Code:

- (a) Apprentice electrician registration and working license \$50.00

(i) At the time the apprentice applies for a journeyman electrician license, the pro rata value of any remaining time on an apprentice electrician working license shall be credited toward the purchase of the journeyman electrician license.

**§ 54-1015. Electrical Board Fund Established**

All money received by the administrator, under the terms and provisions of this chapter, shall be paid into the state treasury, as directed by the provisions of section 59-1014, Idaho Code, and shall be, by the state treasurer, placed to the credit of a dedicated fund to be known as the electrical board fund and all such moneys, hereafter placed in said fund, are hereby set aside and appropriated to the division of building safety to carry into effect the provisions of this chapter.

**§ 54-1016. Exemptions**

(1) Nothing in this chapter shall be deemed to apply to:

(a) Any regulated utility, telephone company, rural telephone cooperative or municipal communications utility, or its employees, in the installation or maintenance of communication circuits, wires and apparatus by or for such entities or their communications service customers;

(b) Any electrical public utility, or its employees, in the installation and maintenance of electrical wiring, circuits, apparatus and equipment by or for such public utility, or comprising a part of its plants, lines or system;

(c) Modular buildings as defined in section 39-4301, Idaho Code, that are constructed in the state of Idaho for installation on building sites outside the state; provided however, that no modular building shall be installed on a building site in the state of Idaho until it has been approved and bears the insignia of approval of the division as being in compliance with the requirements set forth in section 39-4304, Idaho Code.

(2) The licensing provisions of this chapter shall not apply to:

(a) Any property owner performing electrical work in the owner's primary or secondary residence or associated outbuildings;

(b) Any person regularly employed as a maintenance electrician performing electrical maintenance work on the premises of the person's employer;

(c) Any telephone company, rural telephone cooperative, or municipal communications utility, its employees, its subsidiaries, and employees of the subsidiaries performing work on customer-owned facilities under the exclusive control of the telephone company, rural telephone cooperative, or municipal communications utility;

(d) Any telephone company, rural telephone cooperative, or municipal communications utility, its employees, its subsidiaries, and employees of the subsidiaries performing repair work on customer-owned facilities at the request of the customer;

(e) Any electrical public utility, rural electrical cooperative, municipal power utility, its employees, its subsidiaries, and employees of the subsidiaries performing work on customer-owned facilities under the exclusive control of the electrical public utility, rural electrical cooperative, or municipal power utility; and

(f) Any electrical public utility, rural electrical cooperative, municipal power utility, its employees, its subsidiaries, and employees of the subsidiaries performing emergency repair work on customer-owned facilities at the request of the customer.

(3) The licensing provisions of this chapter shall not apply to individuals licensed pursuant to chapter 50, title 54, Idaho Code, or certificated pursuant to chapter 26, title 54, Idaho Code, as follows:

(a) Individuals holding a current heating, ventilation and air conditioning (HVAC) license or a current plumbing certification may install electrical circuitry from the discon-

necting means to a water heater and electrical connections to the water heater as long as the disconnect is in sight from the unit and the circuit from the disconnecting means to the water heater is no more than fifty (50) feet long.

(b) Individuals holding a current HVAC license may install:

(i) Electrical space heaters with no attached ductwork;

(ii) Electrical connections to HVAC equipment from the disconnecting means to the unit as long as the disconnect is in sight from the unit and the circuit from the disconnecting means to the HVAC equipment is no more than fifty (50) feet long; and

(iii) Ventilating fans, except ducted range hoods in residences.

(c) HVAC licensees may install control wiring of twenty-four (24) volt or less for HVAC equipment of five (5) tons or less in capacity. Plumbing certificate holders are not authorized to install control wiring in HVAC equipment, regardless of voltage.

(4) To the extent that a plumbing or HVAC installation permit issued by the Idaho division of building safety includes any part of an electrical installation, the permit issued and inspection performed shall be sufficient to satisfy the permitting and inspecting requirements of this chapter if all required permit fees have been paid.

**§ 54-1017. Violations of act a misdemeanor**

Any person, partnership, company, firm, association or corporation who shall engage in the trade, business or calling of an electrical contractor, journeyman electrician, master electrician, specialty electrician, specialty electrical contractor, specialty electrical trainee or apprentice electrician without a license or required registration as provided for by this act, or who shall violate any of the provisions of this act, or the rules of the Idaho electrical board or of the administrator of the division of building safety herein provided for, or who shall refuse to perform any duty lawfully enjoined upon him by the administrator **or board** within the prescribed time; or who shall fail, neglect, or refuse to obey any lawful order given or made by the administrator **or board** shall be guilty of a misdemeanor and shall be subject to the civil penalties established by administrative rule but not to exceed one thousand dollars (\$ 1,000). Each day of such violation shall constitute a separate offense. A violation will be considered a second or additional offense only if it occurs within one (1) year from the first violation.

**§ 54-1018. Separability**

If any clause, sentence, section, provision or part of this act shall be adjudged to be unconstitutional or invalid for any reason, by any court of competent jurisdiction, such judgment shall not impair, affect or invalidate the remainder of this act which shall remain in full force and effect thereafter.

**§ 54-1019. Qualifications of inspectors**

The administrator of the division of building safety shall appoint the number of deputy electrical inspectors as may be required for the effective enforcement of the provisions of this chapter. All inspectors shall be skilled in electrical installations with not less than four (4) years of actual experience as a journeyman electrician, shall possess certificates of competency prior to appointment, and shall be fully familiar with the provisions of this chapter and rules made both by the administrator and the Idaho electrical board.

No inspector employed by the division of building safety and assigned to the enforcement of the provisions of this chapter shall be engaged or financially interested in an electrical business, trade, practice or work, or the sale of any supplies connected therewith, nor shall he act as an agent, directly or indirectly, for any person, firm, copartnership, association or corporation so engaged. Inspectors employed by municipalities electing to claim exemption under this chapter must possess the qualifications set forth in this section. Inspectors employed by the division of building safety shall take and pass, before the end of their probationary period, the general inspector's test administered by the educational testing service, or future tests developed by the educational testing service for that purpose, or such examination developed for similar purposes, and administered by another testing agency, which the Idaho electrical board may select. The board may also promulgate rules relative to the applicability of this provision to existing electrical inspectors with permanent status in the division.

DRAFT

## Draft Electrical Civil Penalty Default Schedule

### 01. Electrical Contractor

**\$200** for 1<sup>st</sup> offenses, unless offender is currently licensed as an electrical contractor in another jurisdiction, in which case the penalty for 1<sup>st</sup> offense would be \$500. Subsequent violations assessed at double the last CP issued

### 02. Employees

**\$100** for 1<sup>st</sup> offense of knowingly employing an unlicensed/unregistered employee. Double the last CP issued for subsequent violations.

### 03. License or Registration

**\$100** for 1<sup>st</sup> offense for an individual working without being properly licensed or registered for the work being conducted. Double the previous CP for subsequent offenses.

### 04. Journeyman to Apprentice Ratio

**\$100** for the 1<sup>st</sup> offense for violating the approved journeyman/apprentice ratio; double the previous assessment from previous violation for subsequent offenses.

### 05. Supervision

**\$100** for the 1<sup>st</sup> offense to any contractor failing to provide the required direct supervision of apprentices. Subsequent offenses assessed at double the previous assessment.

### 06. Performance Outside Scope of License

**\$100** for the 1<sup>st</sup> offense to any individual or business entity performing work outside of that allowed under their specialty license. Double the assessment for each subsequent offenses.

**07.Fees and Permits**

**\$100** for the 1<sup>st</sup> offense relating to failure to pay applicable fees or post a permit; subsequent violations at double the previous assessment for the same offense.

**08.Corrections**

**\$100** for the 1<sup>st</sup> offense involving failure to make required corrections in the period of time allowed by DBS to make said correction. Double the previous penalty for subsequent violations of the same character.

**Notes: Maximum penalty allowed for each offense is \$1000.**

# IDAHO ELECTRICAL BOARD

## Agenda Item No. 04

## Permit Fees

**PRESENTER:** David Brueggermann, Solar Cascade Company

---

**OBJECTIVE:** Discuss permit fees for solar projects.

---

**ACTION:** Informational

---

**BACKGROUND:** David Brueggermann of Solar Cascade Company would like to talk to the Board about permit fees for solar projects.

---

### **PROCEDURAL HISTORY:**

---

**ATTACHMENTS:** No documentation

---

# IDAHO ELECTRICAL BOARD

**Agenda Item No. 05**

**Program Manager Report**

**PRESENTER:** Mick Williams, Electrical Program Manager

---

**OBJECTIVE:** Update the Board on the Electrical program's current activities.

---

**ACTION:** Informational

---

**BACKGROUND:** This topic is addressed at all regularly scheduled Idaho Electrical Board meetings.

**The *Verification by All DBS Inspectors on Inspections Report* is not in the board packet due to its length. However, it is posted on the Electrical Board page of the Division's website next to the July 23rd meeting under "Special Interest".**

---

**PROCEDURAL HISTORY:**

---

**ATTACHMENTS:** 1) Electrical Journeyman Survey; 2) Electrical Journeyman First Exam Attempts Report; 3) Electrical NOV 2nd Quarter 2015 Report; 4) Verification of Inspections, Electrical Only, 2nd Quarter, 2015 Report; and, 5) Verification of Inspections Table, Electrical Only, 2nd Quarter Report, 2015 Report.

<b>VER1504-00001</b>	06/11/2015 06/11/2015		ADMIN TIME	(6/11/2015 1:07 PM BMY) When I showed up to work today I found that I had no inspection for the day. I looked to see if I could help Curt or Grant with there inspection and they only have a couple as well. I am able to take advantage of this time to study to take my test. I have been studying. I also went out to do a little bit of compliance work but everyone I check was good to go. I was only able to find 3 location where there was work going on. I am back to studying now for the remainder of work unless my phone ring to go check on a job.
	06/18/2015 06/18/2015		COMPLIANCE	(6/18/2015 2:06 PM BMY) Went to a couple of job sites to check out contractor. Everyone I check was able to provide me with cards.
	06/18/2015 06/18/2015		ADMIN TIME	(6/18/2015 2:05 PM BMY) Spent time in office studying for my inspectors test.
	06/10/2015 06/10/2015		ADMIN TIME	(6/10/2015 2:04 PM BMY) After my inspection were completed I have been looking at the books studing. going thur champter 5 and 6 today.
	06/09/2015 06/09/2015		ADMIN TIME	(6/10/2015 2:02 PM BMY) I had 1 inspection today. After I went tto check on this inspection to see if they were completed, I came back to the office and have been studing to attempt to take my test. I have been looking at the books for a couple of hours a day but today I am getting to look at it for about 6 hours. I wnet back out to check on the inspection that I was schdeduled for and they were not complete. I moved the inspection to 6-10-15
	06/02/2015 06/02/2015		ADMIN TIME	(6/2/2015 2:58 PM BMY) Took my harassment class and have been studing to take the inspector test.

<b>VER1504-00001</b>	06/17/2015	ADMIN TIME	(6/18/2015 2:09 PM BMY)
	06/17/2015		After I completed my inspection for the day I was able to study for my test. I only had a couple of inspection in my area, so I was able to go help grant out in his area since he was covering for curt.
	05/05/2015	ADMIN TIME	(5/6/2015 7:41 AM BMY)
	05/05/2015		Met Curt Bingham in Twin Falls at the DOL office. He took me around and did inspection in the Cassia County area. Got me familiar with the area and showed me some of the bigger job in the area. Showed me the hard to find areas.
	04/30/2015	ADMIN TIME	(4/30/2015 10:27 PM BMY)
	04/30/2015		Training with Larry in the Bellevue office for the entire day
	04/28/2015	ADMIN TIME	(4/28/2015 12:17 PM BMY)

	04/29/2015		Code Update Training and travel time
	05/06/2015	ADMIN TIME	(5/7/2015 7:58 AM BMY)
	05/06/2015		I had no inspection for the day, so I studied the code book to try and get ready for go take my test. I also went out and did so compliance check with some contractor. This was kind of a transition day to get Curt and Grant inspection transfer over to me in the Mini-Cassia area.
	05/11/2015	ADMIN TIME	(5/13/2015 7:37 AM BMY)
	05/11/2015		We had a compliance meeting in Shoshone with Terry Blessing. This meeting was from 8am to about 930am.
05/04/2015	ADMIN TIME	(5/4/2015 1:26 PM BMY)	
05/04/2015		Reported to the Burley Office. I rode around with Grant Loveless visiting various contractor and learding the area to be able to go out on my own.

Permit No	Scheduled Date Completed Date	Remarks	<u>Result</u>	<u>Notes</u>
<b>VER1501-00018</b>	06/19/2015 06/22/2015	verification	COMPLIANCE	<p>(6/22/2015 9:12 AM GEN) I was called by George Guardipee, 6/17/15, the Fort Hall building inspector about a job that was being done on the reservation. He thought Dykes Electric of Pocatello was doing electrical work without a permit. He said he thought I would need to write them a notice of violations on no permit and no inspection. He said the job was on Schiller Rd and was for the Bureau of Indian Affairs. I stopped thursday , 6/18/15, at Dykes Electric shop and talked to the people who were working on this job. They said they did not know they were suppose to have trespassing permits and buisness license through the tribe. They have worked on the reservation for years and have never had to get these things until George was hired. These are not the first contractor to say this to me, I don't know if the tribe has sent notification to the contractors so they would know they were in violation of tribal law. After talking to Dykes about what they were doing, they were not actually doing electrical work, they were only pulling out a pump and taking it to the shop for repair. The electric motor was never unhooked, only the shaft was uncoupled for removal. After it was repaired, they did loosen the bolts to the motor to aline the shaft, but did not do any electrical work. They may have hung a lock and tag, but did not disconnect or hook anything up. I went to the job site on Schiller road and looked things over, 6/19/15, you could clearly see what was worked on. Dykes Electric does alot of pump panel work for various farmers, and has always took out permits with the state. My findings for this job is that Dykes does not need any electrical permit for the work that was done. I have pictures on my phone to verify what was worked on. I also believe Dykes has gotten there buisness license, and trespassing permits. NO ACTION TAKEN</p> <p>(6/26/2015 9:05 AM GEN) PPP</p>
